**BITFONE CORPORATION**  
**EMPLOYEE INVENTION AND**  
**CONFIDENTIAL INFORMATION AGREEMENT**

In consideration and as a condition of my employment, or continued employment, by BITFONE CORPORATION and/or by companies which it owns, controls, or is affiliated with, or their successors in business (hereafter referred to as "the Company"), and the compensation paid therefor:

**3. Assignment of Inventions.**

I hereby assign and transfer to the Company my entire right, title and interest in and to all inventions (as used in the Agreement, "inventions" shall include but not be limited to ideas, improvements, designs, computer programs, trade secrets, works of authorship, data and discoveries) whether or not patentable and whether or not reduced to practice, made or conceived by me (whether made solely by me or jointly with others) during the period of my employment with the Company, which relate in any manner to the actual or demonstrably anticipated business, work or research and development of the Company or its subsidiaries, or result from or are suggested by any task assigned to me or any work performed by me for or on behalf of the Company or its subsidiaries. I agree that all such inventions are the sole property of the Company; provided, however, that this Agreement does not require assignment of an invention which qualifies fully for protection under Section 2870 of the California Labor Code (hereafter referred to as "Section 2870"). A copy of Section 2870 is attached as Exhibit B. I agree that all computer programs, documentation and other copyrightable materials to which I contribute during my employment shall be considered "works made for hire" and shall be the sole property of the Company.

**5. Disclosure of Inventions and Patents.**

I agree that in connection with any "invention" as defined in Paragraph 3 above (a) I will disclose all inventions promptly, but in any case within at least thirty (30) days after creation, in writing to my immediate superior at the Company, with a copy to the President, regardless of whether I believe the invention is protected by Section 2870, in order to permit the Company to claim rights to which it may be entitled under this Agreement. Such disclosure shall be received in confidence by the Company; (b) I will, at the Company's request, promptly execute a written assignment of title to the Company for any invention required to be assigned by Paragraph 3 ("assignable invention"), and I will preserve any such assignable invention as confidential information of the Company; and (c) upon request, I agree to assist the Company or its nominee (at its expense) during and at any time subsequent to my employment in every reasonable way to obtain for its own benefit patents and copyrights for such assignable inventions in any and all countries, which inventions shall be and remain the sole and exclusive property of the Company or its nominee whether or not patented or copyrighted. I agree to execute such papers and perform such lawful acts as the Company deems to be necessary to allow it to exercise all right, title, and interest in such patents and copyrights.

**6. Execution of Documents; Power of Attorney.**

I further agree to execute, acknowledge and deliver to the Company or its nominee upon request and at its expense all such documents, including applications for patents and copyrights and

assignments of inventions, patents and copyrights to be issued therefore, as the Company may determine necessary or desirable to apply for and obtain letters, patents and copyrights on such assignable inventions in any and all countries and/or to protect the interest of the Company or its nominee in such inventions, patents and copyrights, and to vest title thereto in the Company or its nominee. Such acts may include, but are not limited to, execution of documents and assistance or cooperation in legal proceedings. I hereby irrevocably designate and appoint the Company and its duly authorized officers and agents, as my agents and attorneys-in-fact to act for and in my behalf and instead of me, to execute and file any documents and to do all other lawfully permitted acts to further the above purposes with the same legal force and effect as if executed by me.
