## RELEASE OF SECURITY INTEREST

This Release of Security Interest is made as of JUNE 20, 2005 by and between ABN Amro Bank N.V. ("Releasor") and Trimble Navigation Ltd. ("Trimble"), as successor interest to Spectra Precision USA, Inc. ("Spectra") (Trimble and Spectra being collectively known as the "Companies").

### Recitals

WHEREAS, Trimble and Releasor entered into a Patent Security Agreement dated July 14, 2000 (the "Patent Security Agreement"), and Spectra and Releasor entered into a Guarantor Security Agreement dated July 14, 2000 (the "Guarantor Security Agreement") (the Patent Security Agreement and the Guarantor Security Agreement being known collectively as the "Security Agreements").

WHEREAS, pursuant to the Security Agreements, the Companies granted certain security interests in the Companies' Collateral (as defined in the Security Agreements) to the Releasor, for the benefit of the Releasor and certain Lenders (as defined in the Security Agreements);

WHEREAS, Trimble and Spectra have fulfilled all their obligations to the Releasor and the Lenders, under the Security Agreements and under the Credit Agreement(s) referred to in the Security Agreements, and therefore, the Credit Agreements and Security Agreements (collectively, the "Agreements") are now terminated;

WHEREAS, pursuant to Section 7.14 of the Security Agreements, Releasor and the Lenders are obligated to execute written releases of the security interests granted thereunder for the benefit of the Companies;

NOW, THEREFORE, Trimble (for itself and as successor in interest to Spectra) and the Releasor agree as follows.

### Acknowledgement and Release

- A. The Releasor, for itself and as agent for the Lenders, hereby acknowledges that the Companies have fulfilled all their obligations to the Releasor and the Lenders pursuant to the Agreements, which are now terminated with no remaining outstanding obligations on the part of the Companies.
- B. The Releasor, for itself and as agent for the Lenders, hereby releases and terminates all security interests of any kind whatsoever granted by the Companies to the Releasor and the Lenders pursuant to the Agreements, including without limitation, the security interests granted in the patents listed in Exhibit A of the Patent Security Agreement (attached hereto as Schedule 1) and Exhibit A of the Guarantor Security Agreement (attached hereto as Schedule 2).
- C. The Releasor, for itself and as agent for the Lenders, warrants that they have not granted to any third party any right, title or interest in the security interests or the collateral under the Agreements, so that after execution of this Release of Security Interest, to the

knowledge of the Releasor, Trimble shall be the owner of the entire right, title and interest in the foregoing.

- D. If requested by Trimble, the Releasor agrees to promptly obtain from the Lenders confirmatory releases in a form substantially equivalent to this Release of Security Interest.
