This Intellectual Property Assignment is entered into as of April 29, 2005, by and between Kinetic Sciences Inc., a company incorporated under the laws of the Province of British Columbia ("Assignor"), and Cogent, Inc., a Delaware corporation ("Assignee").

WHEREAS, Assignor and Assignee are parties to that certain Asset Purchase Agreement dated the date hereof (the "Purchase Agreement") for the sale by Assignor of the Assets (as defined in Section 1.1 of the Purchase Agreement) (capitalized terms used herein and not otherwise defined herein shall have the meanings given to such terms in the Purchase Agreement); and

WHEREAS, the execution and delivery of this Intellectual Property Assignment is a closing delivery to the Purchase Agreement.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto hereby agree as follows:

1. Assignor irrevocably assigns, conveys, sells, grants and transfers and agrees to assign, convey, sell, grant and transfer to Assignee, its successors and assigns all of its rights, title and interest of every kind and character throughout the world in and to the Seller Intellectual Property Rights and the Licensed Intellectual Property to the full extent of its ownership or interest therein, including, without limitation, all federal, state, foreign, statutory and common law and other rights therein (including, without limitation, the right to sue for past, present or future infringement, misappropriation or violation of rights related to the foregoing); and any and all other rights and interests arising out of, in connection with or in relation thereto. Without limiting the generality of the foregoing, this Intellectual Property Assignment includes, without limitation, (i) the patents and patent applications listed on Schedule A attached hereto and by this reference incorporated herein, and any and all patents that may issue therefrom and all divisions, continuations, continuations-in-part, reexaminations, substitutions, reissues, extensions, renewals and foreign counterparts of such applications, registrations and patents, and the right to apply for any of the foregoing; and (ii) the trademark registrations applications listed on Schedule B and any foreign counterparts thereof, and all extensions and renewals of such applications and registrations, and the right to apply for any of the foregoing, and all goodwill associated therewith and symbolized by the trademarks and the portion of the business of the Assignor to which the trademarks pertain.

2. The rights, title and interest assigned under Section 1 above shall be for Assignee's own use and enjoyment, and for the use and enjoyment of Assignee's successors, assigns or other legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignor if this assignment and sale had not been made.

3. From time to time after the date hereof, Assignor will execute and deliver, or cause its affiliates to execute and deliver, to Assignee such instruments of sale, transfer, conveyance, assignment and delivery, and such consents, assurances, and other instruments as may be reasonably requested by Assignee or its counsel in order to vest in Assignee all right, title and interest of Assignor in and to the Intellectual Property in order to carry out the purpose and intent of this Intellectual Property Assignment.

4. This Intellectual Property Assignment, together with the Purchase Agreement and all documents executed in connection with the Purchase Agreement, constitute the entire agreement and understanding between and among the parties hereto with respect to the matters set forth herein, and supersede and replace any prior agreements and understandings, whether oral or written, between and among them with respect to such matters.
