ASSIGNMENT

WHEREAS, we, the undersigned inventors, of residences as listed, have invented certain new and useful improvements as below entitled, for which application for United States Letters Patent is made, said application having been executed on the date set forth below; and

WHEREAS, Lancer Partnership, Ltd. (hereinafter referred to as "Assignee"), a Texas Limited Partnership, with an address of 6655 Lancer Blvd., San Antonio, Texas 78219, desires to acquire our entire right, title and interest in and to the invention, and in and to the said application and any Letters Patent that may issue thereon;

NOW, THEREFORE, for and in consideration of One Dollar (\$1.00) and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, we assign to Assignee, all right, title and interest in and to said invention and in and to said application and all patents which may be granted therefor, and all divisions, reexaminations, reissues, continuations, continuations-in-part and extensions thereof; and we authorize and request the Commissioner of Patents and Trademarks to issue all patents for said invention, or patents resulting therefrom, insofar as our interest is concerned, to Assignee.

We also assign to Assignee, all right, title and interest in and to the invention disclosed in said application throughout the world, all applications for any patent which may hereafter be filed for this invention in any foreign country, and all patents which may be granted on this invention in any foreign country, along with all extensions, renewals, and reissues thereof, and further including all rights to claim priority on the basis of the above application, all rights to file applications and obtain patents, utility models, industrial models and designs for said invention in Assignee's own name throughout the world, including all rights to publish cautionary notices reserving ownership of said invention and all rights to register said invention in appropriate registries; and we further agree to execute any and all powers of attorney, applications, assignments, declarations, affidavits, and any other papers in connection therewith necessary to perfect such right, title and interest in Assignee, and we authorize and request any official of any foreign country whose duty it is to issue patents to issue all patents for said invention, or patents resulting therefrom, insofar as our interest is concerned, to Assignee.

We will communicate to Assignee any facts known to us respecting any improvements; and, at the expense of Assignee, we will testify in any legal proceedings, sign all lawful papers, execute all divisional, continuation, continuation-in-part, reissue, reexamination and substitute applications, make lawful oaths and declarations, and generally do everything possible to vest title in Assignee and to aid Assignee to obtain and enforce proper protection for said invention in all countries.

This Assignment shall be binding on and inure to the benefit of the parties' successors, assigns and legal representatives.
