ASSIGNMENT

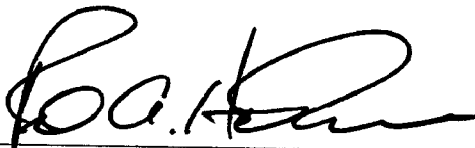

WHEREAS, I:

Rodrick A. Herdman of 7397 Quail Run Road, West Chester, OH 45069,

have made a certain new and useful invention as set forth in an application for United States Letters Patent entitled Programmable Lock With A Controlled Programming Position, Attorney's Docket No. EZL-004M, Serial Number 11/192,755, filed the 29 day of July, 2005, (the hereinafter named assignee or the attorney of record for said patent application being hereby authorized to insert said Serial Number and filing date when ascertained), and as set forth in United States Provisional Patent Application Serial No. 60/592,456, filed on July 30, 2004, (hereinafter referred to as "the patent applications").

Now for good and valuable consideration, the receipt for which is hereby acknowledged, I assign to EZ Change Lock Company, its legal representatives, successors and assigns, the entire right, title and interest, including the right to claim priority of the filing date of said patent applications under international conventions, in said invention as set forth in said patent applications, including any regular, divisional, continuation, continuation-in-part, continued prosecution, or subsequent provisional application thereof, and in all patents, including any reissued, extended or reexamined patent thereof, of the United States and of any foreign country which may be issued for said invention, as fully and completely as the same would have been held by me had this assignment not been made. The entire right, title and interest shall vest irrevocably in EZ Change Lock Company. I further agree upon request, without additional compensation but at no expense to me, to execute or assent to foreign applications, and to execute all other legal documents as may be necessary or desirable to vest the enjoyment of the rights assigned to EZ Change Lock Company, its legal representatives, successors and assigns, or as said EZ Change Lock Company may direct.

AND I request the Commissioner of Patents and Trademarks to issue any Letters Patent of the United States which may be issued for said invention to said EZ Change Lock Company, its legal representatives, successors or assigns, as the sole owner of the entire right, title, and interest in said patent and the invention covered thereby.
