ASSIGNMENT

THIS PATENT ASSIGNMENT, is made and entered into as of this 16th day of February, 2005 (this "ASSIGNMENT"), by and between ThermaSys Corporation, a Delaware corporation with its principle place of business at 2776 Gunter Park Drive East, Suite R-S, Montgomery, Alabama 36109 USA and TransVision Technologies Corporation (formerly known as ThermaSys, Corporation) a Delaware corporation with its principle place of business at 425 Metro Place N., Dublin, Ohio 43017 USA (collectively "ASSIGNORS") and Sun-TS Acquisition Corporation, a Delaware corporation with its principal place of business at 2776 Gunter Park Drive East, Suite R-S, Montgomery, Alabama 36109 USA ("ASSIGNEE").

WHEREAS, Assignee desires to purchase, acquire and accept all of Assignors' right, title and interest in, to and under those patents and patent applications identified in the attached Schedule A (collectively, the "PATENTS"); and

NOW, THEREFORE, TO ALL WHOM IT MAY CONCERN, be it known that for good and valuable consideration, Assignors hereby sell, transfer, assign, and deliver to Assignee the full and exclusive right, title and interest to said Patents and to all Letters Patent or similar legal protection to be obtained therefor, including any continuation, continuation-in-part, divisional, renewal, substitute or reissue thereof or any legal equivalent thereof in the United States or any foreign country for the full term or terms for which the same may be granted, and any and all rights to enforce said patent rights and collect for past or future infringement thereof, and further including any and all rights to claim priority to said Patents.

From time to time after the date hereof, each of the parties shall, upon request by any other party and without further consideration, execute, acknowledge and deliver all such other instruments of sale, assignment, conveyance and transfer, and shall take all such other commercially reasonable action, in each case to the extent required to give effect to the transactions in accordance with the terms of this ASSIGNMENT.

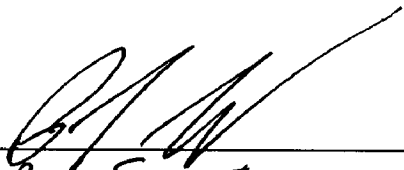

This ASSIGNMENT may be executed in any number of counterparts and any party hereto may execute any such counterpart, each of which when executed and delivered shall be deemed to be an original and all of which counterparts taken together shall constitute but one and the same instrument. This Assignment shall become binding when one or more counterparts taken together shall have been executed and delivered (which deliveries may be by telefax) by the parties.

This Assignment may be filed and recorded among the records of the United States Patent and Trademark Office, or other relevant United States or foreign government agency.
