Attorney Docket No. ACMI-2.001.US

**ASSIGNMENT OF PATENT APPLICATION**

FOR GOOD AND VALUABLE CONSIDERATION,

I/We, the undersigned, for good and valuable consideration, receipt of which is hereby expressly acknowledged, hereby sell, assign, and transfer unto ACMI Corporation, a for-profit corporation incorporated under the laws of the state of Delaware, as Assignee, and to its successors, assigns, and legal representatives, the entire right, title and interest, for all countries in and to certain inventions relating to REMOVABLE OPTICAL ASSEMBLY FOR A MEDICAL INSTRUMENT described in Utility patent application U.S. Serial No., identified as Attorney Docket No. ACMI-2.001.US, at GANZ LAW P.C., P.O. Box 2200, Hillsboro, Oregon 97123, and filed concurrently herewith. (If the application number and filing date are unknown at the execution of this assignment, I/We authorize any attorney listed with GANZ LAW, P.C., USPTO Customer Number 022874, to insert here in parenthesis (application number: \_\_\_\_\_; dated \_\_\_\_\_) the application number and filing date of said application when known. This assignment applies to the invention(s) and improvement(s) set forth therein, and any and all related provisionals, non-provisionals, continuations, continuations-in-part, divisionals, and renewals of and substitutes for said application for said Letters Patent, including any applications claiming priority thereto, and to all the rights and privileges under any and all Letters Patent that may be granted therefor in any country, and any reissues, or reexaminations, or extensions of said Letters Patent. I/We request that any and all Letters Patent for said inventions be issued to said Assignee, its successors, assigns, and legal representatives, or to such nominees as it may designate.

I/We agree that, when requested, will, without charge to said Assignee but at its expense, sign all papers, take all rightful oaths, and do all acts which may be necessary, desirable or convenient for securing and maintaining patents for said inventions in any and all countries and for vesting title thereto in said Assignee, its successors, assigns, and legal representatives or nominees.

I/We authorize and empower said Assignee, its successors, assigns, and legal representatives or nominees, to invoke and claim for any application for patent or other form of protection for said inventions filed by it or them, the benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for it, and to invoke and claim such right of priority without further written or oral authorization from us.

This assignment grants Assignee the right to pursue in its own name any claims for past, present, or future claims of infringement based on rights arising from patent applications, patents or other grants or applications for protection, or other proprietary rights related to the inventions and to exclusively retain any awards, settlements, or other remedies.

I/We hereby consent that a copy of this Assignment shall be deemed a full legal and formal equivalent of any assignment, consent to file, or like document which may be required in any country for any purpose and more particularly in proof of the right of the said Assignee or nominee to claim the aforesaid benefit of the right of priority provided by the International Convention which may henceforth be substituted for it.

I/We covenant with said Assignee, its successors, assigns, and legal representatives, that the rights and property herein conveyed are free and clear of any encumbrance, and that I/we have full right to convey the same as herein expressed.

IN WITNESS WHEREOF, I/we have hereunto signed my name on the day and year set forth below.
