For good and valuable consideration, WE, Martin Versen, a citizen of Germany, residing
Germany, residing at Josef-Sterr-Str. 13, 81377 München, Germany, hereinafter individually or
collectively referred to as "Assignor";

7.0.
2. August 2005

Hereby sell, assign and transfer to **Infineon Technologies AG**, a corporation, organized and
existing under the laws of Germany, having its principal place of business at St.-Martin-Str. 53, 81669
Munich, Germany, hereinafter "Assignee", its successors, assigns and legal representatives, the entire
right, title and interest in and for the United States and all foreign countries, in and to any and all
improvements which are disclosed in the application for United States Letters Patent, which has been
executed by the undersigned and filed herewith, entitled:

Integrated Semiconductor Memory with Redundant Memory Cells

and in and to said application and all divisional, continuing, substitute, renewal, reissue, and all other
applications for Letters Patent which have been or shall be filed in the United States and all foreign
countries on any of said improvements; and in and to all original and reissued patents which have been or
shall be filed in the United States and all foreign countries on said improvements;

Agree that said Assignee may apply for and receive Letters Patent for said improvements in its
own name; and that, when requested, without charge to but at the expense of said Assignee, its
successors, assigns and legal representatives, to carry out in good faith the intent and purpose of this
assignment, the undersigned will execute all divisional, continuing, substitute, renewal, reissue, and all
other patent applications on any and all said improvements; execute all rightful oaths, assignments,
powers of attorney and other papers; communicate to said Assignee, its successors, assigns, and legal
representatives, all facts known to the undersigned relating to said improvements and the history thereof;
and generally do everything possible which said Assignee, its successors, assigns or legal representatives
shall consider desirable for aiding in securing and maintaining proper patent protection for said
improvements and for vesting title to said improvements and all applications for patents and all patents on
said improvements, in said Assignee, its successors, assigns and legal representatives; and

Covenant with said Assignee, its successors, assigns and legal representatives that no assignment,
grant, mortgage, license or other agreement affecting the rights and property herein conveyed has been
made to others by the undersigned, and that full right to convey the same as herein expressed is possessed
by the undersigned.
