PATENT ASSIGNMENT

Honorable Commissioner of Patents and Trademarks, P.O. Box 1450
Mail Stop: Assignments, Alexandria, VA 22313-1450

WHEREAS, Donald E. Burg, (hereinafter referred to as "ASSIGNOR") has invented and owns a certain invention entitled "SHIP WITH WAVE ENERGY ENGULFING PROPUSORS" and United States Patent Application Serial No: 11/109,132 regarding same;

WHEREAS, Donald E. Burg wishes to assign to his wife, (hereinafter referred to as "ASSIGNEE"), an undivided one hundred (100%) percent interest in, to and under said invention, patent application, and any United States patent that may issue;

NOW, THEREFORE, to all whom it may concern: Be it know that in consideration of the payment by ASSIGNEE to ASSIGNOR of the sum of One (\$1.00) Dollar, the receipt of which is hereby acknowledged, and for other good and valuable consideration, ASSIGNOR hereby sells, assigns and transverse to ASSIGNEE an undivided one hundred (100%) percent interest in the full and exclusive right, title and interest to the said invention, patent application and any United States Patent that may issue, any reissue, and any reexamination certificate thereof for the full term or terms for which the same may be granted, said assigned one hundred (100%) percent interest to be assigned to:

Paulette Renee Burg: One Hundred (100%) percent of the entire invention;

ASSIGNOR hereby covenants that no assignment, sale, agreement or encumbrance has been or will be made or entered into which would conflict with this assignment and sale;

ASSIGNOR further covenants that ASSIGNEE will, upon her request, be provided promptly with all pertinent facts and documents related to said application, said invention and any patents as may be known and accessible to ASSIGNOR and will testify as to the same in any interference, reissue, reexamination, or litigation related thereto and will promptly execute and deliver to ASSIGNEE or her legal representatives any and all papers, instruments or affidavits required to apply for, obtain, maintain and enforce said invention and application and any patent that may issue which may be necessary or desirable to carry out the purposes hereof.
