ASSIGNMENT

This Assignment made by Jeong S. Lee of Diamond Bar, California, Assignor, to
ADVANCED CARDIOVASCULAR SYSTEMS, INC., a California corporation, Assignee,
having a place of business at 3200 Lakeside Drive, Santa Clara, California.

WHEREAS, Assignor has invented a new and useful CATHETER SHAFT JUNCTION
HAVING A POLYMERIC MULTILAYERED SLEEVE WITH A LOW PROCESSING
TEMPERATURE OUTER LAYER, for which an application for United States Letters Patent
has been executed by them this day; and

WHEREAS, Assignor believes herself to be the original and first inventor of the
invention disclosed and claimed in said application for Letters Patent; and

WHEREAS, Assignee desires to acquire by formal, recordable assignment the entire
right, title and interest in and to said invention, said application, and any Letters Patent that may
be granted for said invention in the United States and throughout the world;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of
which are hereby acknowledged, Assignor hereby sells, assigns and transfers to Assignee, the
entire right, title and interest in and to said invention, said application, and any Letters Patent that
may be granted for said invention in the United States and throughout the world, including the
right to file foreign applications directly in the name of the Assignee and to claim for any such
foreign applications any priority rights to which such applications are entitled under international
conventions, treaties or otherwise.

Further, Assignor agrees that, upon request and without further compensation, but at no
expense to Assignor, she and her legal representative(s) and assigns will do all lawful acts,
including the execution of papers and the giving of testimony, that may be necessary or desirable

for obtaining, sustaining, reissuing or enforcing Letters Patent in the United States and throughout the world for said invention, and for perfecting, recording or maintaining the title of Assignee, its successors and assigns, to said invention, said application, and any Letters Patent granted for said invention in the United States and throughout the world.

Assignor represents and warrants that she has not granted and will not grant to others any rights inconsistent with the rights granted herein.

Assignor authorizes and requests the Commissioner of Patents and Trademarks of the United States and of all foreign countries to issue any Letters Patent granted for said invention, whether on said application or on any subsequently filed division, continuation, continuation-in-part or reissue application, to Assignee, its successors and assigns, as the assignee of the entire interest in said invention.

IN WITNESS WHEREOF, Assignor has executed this Assignment on the date written herein below.

Assignor:
