(g) all patents issuing on or from any patent application identified in the preceding paragraphs (b)-(e), including any reissue and/or extensions of any of said patents;

(collectively, the "Patent Rights").

The above-granted rights, titles, and interests are to be held and enjoyed by Assignee, for its own use and behalf and the use and behalf of its successors, legal representatives, and assigns, as fully and entirely as the same would have been held and enjoyed by Assignor had this sale and assignment not been made.

As part of the foregoing:

Assignor hereby represents to Assignee, its successors, legal representatives, and assigns, that at the time of execution and delivery of these presents, Assignor is the exclusive and lawful owner of the entire right, title, and interest in and to the Inventions, that the Inventions are unencumbered, except, if applicable, by obligation to assign in accordance with any prior agreement with Assignee or its affiliate, WordLogic Corporation, and that Assignor has good and full right and lawful authority to sell and convey the same in the manner set forth herein.

Assignor will, without charge to Assignee but at Assignee's (or its successor's or assign's, as the case may be) cost and expense, promptly (i) assist with, execute and deliver all applications, declarations, verifications, responses, submissions, assignments and further documents relating to any and/or all Inventions, (ii) take all lawful oaths and (iii) do all such things, as may be requested by Assignee (or Assignee's successor's or assign's, as the case may be) from time to time and at any time, to enable Assignee and/or Assignee's nominees and/or representatives to procure, perfect, enforce, defend and/or maintain any and/or all of the Patent Rights.

Assignor acknowledges that Assignee is hereby the exclusive owner of the Patent Rights throughout the world, including the Inventions and all patent rights therein.

In the event that Assignee, or any successor or assign of Assignee, is unable for any reason whatsoever to secure Assignor's signature to any lawful document required to procure, perfect, enforce, defend and/or maintain any and/or all of the Patent Rights, Assignor hereby irrevocably appoints Assignee, its successors and assigns, and their respective duly authorized officers and agents, as Assignor's agents and attorneys-in-fact to execute and file any such document and to do all other lawfully permitted acts to further the procurement, perfection, enforcement, defence and/or maintenance of any and all of the Patent Rights, with the same legal force and effect as if executed by Assignor.

Upon the request from time to time and any time from Assignee or any of its successors or assigns, Assignor will without charge to Assignee or any of its successors or assigns but at Assignee's (or its successor's or assign's, as the case may be) cost and expense, execute all such transfers, assignments, confirmations, notices and other documents as, in the opinion of Assignee or any of its successors or assigns, may be necessary to effectively vest title to the
Patent Rights or otherwise to procure, perfect, enforce, defend and/or maintain any and/or all of the Patent Rights.
