ASSIGNMENT

HYDROCARBON TECHNOLOGIES, INC., a New Jersey corporation having a principal place of business at 1501 New York Avenue, Lawrenceville, New Jersey 08648 (“HTI New Jersey”), is the original assignee of record and owner of the entire right, title and interest of the following United States patents, and the inventions described therein (hereafter “Subject Patents”):

10/225,937
11/044,920
11/044,947
11/044,683
11/044,690

HYDROCARBON TECHNOLOGIES INNOVATION GROUP, INC., a Utah corporation having a principal place of business at 1501 New York Avenue, Lawrenceville, New Jersey 08648 (“HTIG”), is the successor-in-interest to, and owner of, certain assets previously owned by HTI New Jersey, possibly including some or all of the Subject Patents and the inventions described therein.

HTI New Jersey and HTIG shall be individually and collectively referred to as “ASSIGNOR”.

HYDROCARBON TECHNOLOGIES, INC., a Utah corporation having a principal place of business at 1501 New York Avenue, Lawrenceville, New Jersey 08648 (“ASSIGNEE”), desires to secure the entire right, title and interest in the Subject Patents and the inventions described therein.

In consideration of One Dollar (\$1.00) and other good and valuable consideration paid to ASSIGNOR by the ASSIGNEE, the receipt and sufficiency of which ASSIGNOR hereby acknowledges, HTI New Jersey and HTIG, individually and collectively as ASSIGNOR, hereby assign to the ASSIGNEE whatever rights they may individually or collectively possess or retain in the Subject Patents and the inventions described therein, including:

The entire right, title and interest in the Subject Patents and the inventions described therein, and in all divisions, continuations and continuations-in-part of said Subject Patents, and in any reissues or extensions of Letters Patent or Patents granted thereon, and in all corresponding applications filed in countries foreign to the United States, and in all patents issuing thereon in the United States and Foreign countries, as well as the right to sue for past infringement and damages under any and all such patents.

The right to file foreign patent applications on said inventions in its own name, wherever such right may be legally exercised, including the right to claim the benefits of the International Convention for such applications.

ASSIGNOR hereby authorizes and requests the United States Commissioner of Patents and Trademarks, and such Patent Office officials in foreign countries as are duly authorized by their patent laws, to issue any and all patents on the inventions described in the Subject Patents and Applications, to ASSIGNEE as the owner of the entire right, title and interest, for the sole use and behalf of ASSIGNEE, its successors, assigns and legal representatives.

ASSIGNOR hereby agrees, without further consideration and without expense to ASSIGNOR, to sign all lawful papers and to perform all other lawful acts which the ASSIGNEE may request of ASSIGNOR to make this Assignment fully effective, including, by way of example but not of limitation, the following:

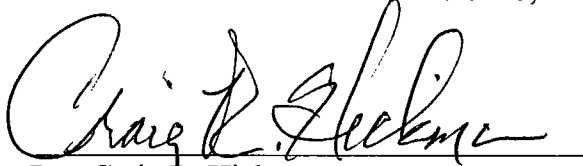

Prompt execution of all original, divisional, substitute, reissue and other United States and foreign patent applications on said inventions, and all lawful documents requested by the Assignee to further the prosecution of any such patent applications.

Cooperation to the best of ASSIGNOR'S ability in the execution of all lawful documents, the production of evidence, nullification, reissue, extension or infringement proceedings involving said invention.

This assignment and agreement shall be binding upon ASSIGNOR'S successors, assigns and legal representatives.

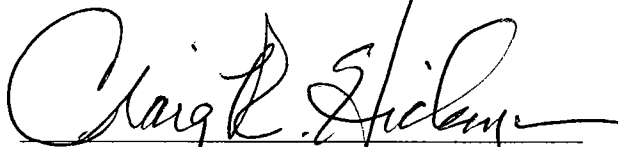

Dated this 15 day of September 2005.
