ASSIGNMENT

In consideration of my agreement with CardioVu, Inc., and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, I, the below named inventor, residing in the city listed below my name, hereby assign, transfer, and deliver to CardioVu, Inc., a Delaware corporation having offices at #111, 4101-F Dublin Blvd., Dublin, California 94568, its successors and assigns (collectively referred to herein as "CardioVu"), my entire right, title and interest in and to all subject matter invented by me, disclosed in the application for United States patent, titled

PROGRAMMABLE ECG SENSOR PATCH

filed in the U.S. Patent and Trademark Office herewith, and in and to all patents and all Convention and Treaty rights of all kinds, in all countries throughout the world, for all such subject matter. I agree to sign all documents necessary to secure all such patents and rights and request issuance of all such patents to CardioVu in accordance with this Assignment.

I confirm that I have not made any agreement in conflict with this Assignment. I further agree that I will provide information within my knowledge or belief, and do all other relevant things that CardioVu or its counsel deems necessary or desirable and requests of me in connection with obtaining or maintaining, or in connection with any proceeding, controversy or litigation pertaining to, any such patents, or in order to perfect and/or enforce CardioVu's ownership of the right, title and interest conveyed by this Assignment, or in connection with this Assignment, without payment of consideration to me beyond that called for in my agreement with CardioVu, on the understanding, however, that CardioVu will bear all reasonable expenses actually incurred for or in connection with such matters. This Assignment and the obligations assumed by me shall be binding on my heirs and personal representatives.
