**RECISSION OF ASSIGNMENT  
And  
ASSIGNMENT OF PATENT APPLICATION AND PATENT**

WHEREAS, we, **Giles A. Hill, III** of Idabel, State of Oklahoma, U.S.A., and **Duane S. Birdsong** of Idabel, State of Oklahoma, U.S.A., have invented certain improvements in and filed a patent application in the United States Patent Office on May 3, 2004, as Application No. 10/838,102 for an invention titled:

**SQUEEGEE BLADE (the "Invention")**

WHEREAS, we, **Giles A. Hill, III** and **Duane S. Birdsong**, erroneously and by mistake on April 30, 2004, executed an assignment of the Invention in favor of **SETCO, Inc.** (hereinafter "the Company"), and

WHEREAS, **SETCO, INC.**, a corporation under the laws of the State of Oklahoma, U.S.A., was an apparent and unintended beneficiary to this unintended transaction.

WHEREAS, **Giles A. Hill, III**, **Duane S. Birdsong**, and **SETCO, Inc.** (the "parties") did not intend that the Invention or the application for patent thereon should be assigned to the Company.

WHEREAS, the parties desire to correct the mistake and to rescind and nullify the assignment of the Invention, the nullification and rescission to be effective as of April 30, 2004 (the original date of the erroneous execution).

WHEREAS, it was and is the intent of the parties that the entire right, title and interest in and to the Invention, the patent application, and any patents issued thereon should be assigned to and owned solely by **Giles A. Hill, III**.

NOW THEREFORE, for the return of One Dollar (\$1.00) and all other good and valuable consideration, and for the consideration of correcting the observed mistake, the receipt and sufficiency of which is hereby acknowledged, we confirm that the prior assignment is rescinded and by this act of rescission do hereby rescind and nullify our prior execution of assignment.

NOW THEREFORE, for One Dollar (\$1.00) and all other good and other valuable consideration, the receipt and sufficiency of which is hereby acknowledged, we do hereby confirm that as of the prior execution date April 30, 2004, we have sold, assigned, transferred and set over, and by these presents do hereby sell, assign, transfer and set over, unto the said **Giles A. Hill, III**, his successors, legal representatives, and assigns, the entire right, title, and interest in, to and under the said Invention, and the said application, and all divisional, renewal, substitution, and continuing applications thereof, and all Letters Patent of the United States of America which may be granted thereon and all reissues and extensions thereof, and all applications for Letters Patent which may be filed for said Invention in any country or countries foreign to the United States of America, and all extensions, renewals, and reissues thereof, and all prior patents and patent applications from which a filing priority of the above-described patent application may be Commissioner of Patents of the United States of America, and any official of

any country or countries foreign to the United States of America, whose duty it is to issue patents on applications as aforesaid, to issue all Letters Patent for said Invention to the said **Giles A. Hill, III**, his successors, legal representatives and assigns, in accordance with the terms of this instrument.

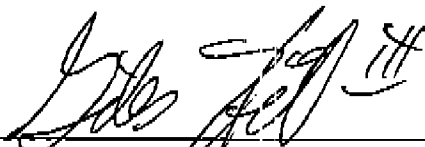

AND WE HEREBY covenant that we have full right to undertake to rescind the prior assignment and convey the entire interest herein to said **Giles A. Hill, III**, and that we did not intend that the document previously executed by us on April 30, 2004, should have been an assignment to the Company, and we will not execute any agreement in conflict herewith.

AND WE HEREBY further covenant and agree that we will communicate to said **Giles A. Hill, III**, his successors, legal representatives and assigns, any facts known to us respecting said Invention, and testify in any legal proceedings, sign all lawful papers, execute all divisional, renewal, substitution, continuing, and reissue applications, make all rightful declarations and/or oaths and generally do everything possible to aid the said **Giles A. Hill, III**, his successors, legal representatives and assigns, to obtain and enforce proper patent protection for said Invention in all countries.
