PATENT ASSIGNMENT

WHEREAS, the undersigned ("**Assignor**") of the address indicated below, owns the patents and applications listed in Appendix A attached hereto, and owns the inventions and subject matter disclosed in the patent applications and issued patents listed in Appendix A (the patents, applications, inventions and subject matter thereof collectively referred to as "**Inventions**" unless separate reference is required);

AND WHEREAS, FISKARS BRANDS, INC. ("**Assignee**"), a corporation organized and existing under and by virtue of the laws of the State of Wisconsin having its principal place of business and mailing address at 2537 Daniels Street, Madison, WI 53718-6772, is desirous of obtaining the entire right, title and interest in and to the Inventions;

THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor by these presents does sell, assign and transfer unto Assignee, its successors, assigns and legal representatives, the full and exclusive world-wide rights, title and interest to: (a) the Inventions, including patent, copyright and any other intellectual property rights; (b) any existing improvements and modifications of the Inventions; (c) any provisional, non-provisional, continuation, continuation in part, divisional, reissue, reexamination, design, foreign, PCT or other patent application or like document, or any other application which claims priority to any Invention right assigned hereby to Assignee; and (d) the right of priority to the Inventions under the International Convention for the Protection of Industrial Property, Inter-American Convention Relating to Patents, Designs and Industrial Models, and any other international agreements to which the United States adheres, and hereby authorizes and requests the government agency in any country in which patent protection is sought on the Inventions to issue said Letters Patent to Assignee, for the sole use and benefit of Assignee, its successors, assigns and legal representatives,

AND ASSIGNOR HEREBY AGREES to provide all reasonable assistance in obtaining, maintaining or enforcing legal rights in the Inventions and to execute any papers, if accurate, desired by Assignee, its successors, assigns and legal representatives, to preserve, acquire, enforce and/or perfect Assignee's full protection and title in and to the inventions and any improvements to the Inventions.
