ASSIGNMENT

WHEREAS, MARYLAND WIRE BELTS, INC., a corporation duly organized under and pursuant to the laws of DELAWARE, and having its principal place of business at 105 GOODWILL ROAD, CAMBRIDGE, MARYLAND 21613 (hereinafter referred to as "the Assignor"), is an owner of record of the patents (including utility model registrations and design patents) and patent applications (including utility model applications and design patent applications) listed in Appendix A attached hereto; and

WHEREAS, CAMBRIDGE INTERNATIONAL, INC., a corporation duly organized under and pursuant to the laws of DELAWARE, and having its principal place of business at 105 GOODWILL ROAD, CAMBRIDGE, MARYLAND 21613 (hereinafter referred to as "the Assignee"), is desirous of acquiring and has purchased for consideration all of Assignor's right, title, and interest in and to all of the patents and patent applications listed on attached Appendix A, and all of Assignor's right, title, and interest in and to all future patents (including utility model registrations and design patents) and patent applications (including utility model applications and design patent applications) corresponding to said patents and patent applications, and in and to any and all applications claiming priority to said applications, divisions, continuations, and continuations-in-part of said patent applications, and reissues and extensions of said patents.

WHEREAS, ASSIGNOR and ASSIGNEE desire to record this instrument in the United States Patent and Trademark Office and in patent offices in countries foreign to the United States attesting to the assignment of said patents and patent applications listed on attached Appendix A;

NOW, THEREFORE, the Assignor has sold, assigned, transferred, and set over, and by these presents does sell, assign, transfer, and set over, unto the Assignee, its successors, legal representatives, and assigns the entire right, title, and interest in and to said patents and patent applications listed on attached Appendix A, the right to all future patents (including utility model registrations and design patents) and patent applications (including utility model applications and design patent applications) corresponding to said patents and patent applications listed on attached Appendix A and the entire right, title and interest in and to any applications for Letters Patent of the United States or other countries claiming priority to said patents and patent applications listed on attached Appendix A, and any and all Letters Patent or Patents of the United States of America and all foreign countries that may be granted therefor and thereon, and in and to any and all applications claiming priority to said applications, divisions, continuations, and continuations-in-part of said patent applications, and reissues and extensions of said patents, and all rights under the International Convention for the Protection of Industrial Property, the same to be held and enjoyed by the Assignee, for its own use and behalf and the use and behalf of its successors, legal representatives, and assigns, to the full end of the term or terms for which Letters Patent or Patents may be granted as fully and entirely as the same would have been held and enjoyed by the Assignor had this sale and assignment not been made;

AND for the same consideration, the Assignor hereby covenants and agrees to and with the Assignee, its successors, legal representatives, and assigns, that, at the time of execution and delivery of these presents, the Assignor is the sole and lawful owner of the entire right, title, and interest in and to the inventions set forth in said patents and patent applications listed on attached Appendix A, and that the same are unencumbered, and that the Assignor has good and full right and lawful authority to sell and convey the same in the manner herein set forth;

AND for the same consideration, the Assignor hereby covenants and agrees to and with the Assignee, its successors, legal representatives, and assigns that the Assignor will, whenever counsel of the Assignee, or the counsel of its successors, legal representatives, and assigns, shall advise that any proceeding in connection with said patents and patent applications listed on attached Appendix A, or any proceeding in connection with Letters Patent or Patents in any country, including interference proceedings, is lawful and desirable, or that any application claiming priority to said patents
