**FIRST AMENDMENT TO PATENT, TRADEMARK
AND COPYRIGHT SECURITY AGREEMENT**

THIS FIRST AMENDMENT TO PATENT, TRADEMARK AND COPYRIGHT SECURITY AGREEMENT dated as of October 7, 2005 (the "Amendment"), is entered into by and between each of the Borrowers listed on the signature pages hereto and each other Person that becomes bound hereby by joinder, assumption or otherwise (each a "Pledgor" and collectively, the "Pledgors"), and PNC Bank, National Association, as Agent for the Lenders.

R E C I T A L S:

A. The parties hereto are parties to that certain Patent, Trademark and Copyright Security Agreement dated as of December 30, 2003 (the "Patent, Trademark and Copyright Security Agreement").

B. The Pledgors have requested the Agent to amend and restate the Revolving Credit and Security Agreement dated as of December 30, 2003, and revise the collateral that secures such credit facility and modify certain financial covenants as set forth therein pursuant to that certain Amended and Restated Credit and Security Agreement dated as of October 7, 2005, among the Pledgors and the Agent.

NOW, THEREFORE, the parties hereto, in consideration of their mutual covenants and agreements hereinafter set forth and intending to be legally bound hereby, covenant and agree as follows:

1. Definitions.

Defined terms used herein unless otherwise defined herein shall have the meanings ascribed to them in the Patent, Trademark and Copyright Security Agreement.

2. Amendment of Patent, Trademark and Copyright Security Agreement.

A. Amendment of Definition. Effective as of the date of this Amendment, all references in the Patent, Trademark and Copyright Security Agreement to "Credit Agreement" shall be deemed to constitute a reference to that certain Amended and Restated Credit and Security Agreement dated as of October 7, 2005 (as amended, restated, modified or supplemented from time to time, the "Credit Agreement") by and among the Borrowers, each of the Lenders party thereto and the Agent.

B. Schedule A. The Pledgors hereby confirm that the updated Schedule A (the "Revised Schedule") to the Patent, Trademark and Copyright Security Agreement attached hereto and made a part hereof is a correct and complete listing of all registered Patents, Trademarks and Copyrights of the Pledgors as of the date of this Amendment. Such Revised Schedule shall amend and restate the previous Schedule A to the Patent, Trademark and Copyright Security Agreement in its entirety.

3. Representations and Warranties. The Pledgors hereby represent and warrant to the Agent as follows:

A. The representations and warranties of the Pledgors contained in the Patent, Trademark and Copyright Security Agreement are true and correct in all material respects on and as of the date hereof with the same force and effect as though made by the Pledgors on such date, except to the extent that any such representation or warranty expressly relates solely to a previous date; and

B. The Pledgors are in compliance in all material respects with all terms, conditions, provisions, and covenants contained in the Patent, Trademark and Copyright Security Agreement, and the execution, delivery, and performance of this Amendment have been duly authorized by all necessary corporate action, require no governmental approval, and will neither contravene, conflict with, nor result in the breach of any law, charter, articles, or certificate of incorporation, bylaws, or agreement governing or binding upon the Pledgors or any of their respective property.

4. Conditions of Effectiveness of this Amendment. The effectiveness of this Amendment is expressly conditioned upon satisfaction of each of the following conditions precedent:

A. All legal details and proceedings in connection with the transactions contemplated by this Amendment shall be in form and substance satisfactory to the Agent, and the Agent shall have received from the Pledgors all such other counterpart originals or certified or other copies of such documents and proceedings in connection with such transactions, in form and substance satisfactory to the Agent.

B. No Default or Event of Default has occurred and is continuing, and Pledgors by executing this Amendment confirm the same and also confirm the accuracy of the representations and warranties in Section 3 above.

5. Force and Effect. Pledgors reconfirm, restate, and ratify the Patent, Trademark and Copyright Security Agreement and all other documents executed in connection therewith except to the extent any such documents are expressly modified by this Amendment and Pledgors confirm that all such documents have remained in full force and effect since the date of their execution.

6. Governing Law. This Amendment shall be governed by and construed in accordance with the internal Laws of the State of Ohio without regard to its conflict of laws principles.

7. Counterparts. This Amendment may be signed in any number of counterparts each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

MATERIAL SPREADER	5,294,060	3/15/1994	<p>A material spreader includes a support frame and a pair of ground engaging wheels for rollingly supporting the frame. A hopper is attached to the support frame and includes first and second isolated chambers for holding first and second materials, respectively, to be spread. A first series of discharge openings in the bottom of the first chamber allows material to be discharged from the first chamber. A second series of discharge openings in the bottom of the second chamber allows material to be discharged from the second chamber. Slide valves are operable to selectively independently control the flow of material through the first and second series of discharge openings. A series of passages in a distribution manifold interconnect the first and second series of discharge openings. Each passage has two inlets and one outlet. One of the inlets to each passage is in the first series of discharge openings and the other one of the inlets to each passage is in the second series of discharge openings. The outlets of the passages discharge material onto an</p>
