ASSIGNMENT OF PATENTS AND PATENT APPLICATIONS

WHEREAS, Chase Medical, LP, a Delaware limited partnership ("Chase"), and CMI Holding Company, Inc., a Texas corporation, having their principal place of business located at 1876 Firman Drive, Richardson, Texas (each, an "Assignor," and, collectively, the "Assignors"), have acquired the exclusive right, title and interest in the patents and patent applications listed on the attached Exhibit A (collectively, "Assigned Patents"); and

WHEREAS, Surge Medical Solutions, LLC, a limited liability company organized and existing under and by virtue of the laws of Michigan and having its principal place of business at 3400 Innovation Court, S.E., Grand Rapids, Michigan (the "Assignee"), is desirous of acquiring the exclusive right, title and interest in, to and under the inventions described in the Assigned Patents, including the right to recover damages for past infringement, and in, to and under any Assigned Patents or similar legal protection to be obtained therefor in the United States of America, its territorial possessions and in any and all countries foreign thereto.

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, Assignors hereby sell, assign, transfer and set over unto the said Assignee, its successors and assigns, the full and exclusive right, title and interest to the inventions described in the Assigned Patents and to all Letters Patents or applications or similar legal protections, including the right to file suit and obtain damages for past infringement, not only in the United States and its territorial possessions, but in all countries foreign thereto, to be obtained for Assigned Patents by said patents and applications, and to any continuations, continuations-in-part, divisions, renewals, substitutes or reissues thereof or any legal equivalents thereof in the United States or a foreign country for the full term or terms for which the same may be granted, including all priority rights under the International Convention; and Assignors hereby authorize and request the Commissioner of Patents and Trademarks to issue said Letters Patent(s) or any legal equivalent thereof to said Assignee, its successors and assigns, in accordance with this Assignment.

Assignor hereby authorizes and requests the Commissioner of Patents and Trademarks, and the corresponding entities or agencies in any applicable foreign countries, to record Assignee as the assignee and owner of the registered Assigned Trademark.

IN WITNESS WHEREOF, the parties have executed this Assignment as of October 14, 2005.
