ASSIGNMENT

WHEREAS, **Stanley W. Johnsen**, 3842 LaDonna Ave., Palo Alto, CA 94306, Assignor, has invented a new and useful "**RADIATION THERAPY SYSTEM AND METHOD OF USING THE SAME**" for which an application for United States Letters Patent, U.S. Patent Application Serial No. 11/249,619, filed October 13, 2005, has been or will be filed; and

WHEREAS, Assignor believes himself to be the original and sole inventor of the invention disclosed in the application for Letters Patent; and

WHEREAS, Varian Medical Systems Technologies, Inc., a Delaware corporation, having a place of business at 3100 Hansen Way, Palo Alto, CA 94304-1038, Assignee, desires to acquire by formal assignment the entire right, title and interest in and to the invention, the application, and any Letters Patent that might be granted for the invention in the United States and throughout the world;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby sells, assigns and transfers to Assignee, his entire right, title and interest in and to the invention, the application, and any Letters Patent that might be granted for the invention in the United States and throughout the world, including the right to file foreign applications directly in the name of Assignee and to claim for any such foreign applications any priority rights to which such applications are entitled under international conventions, treaties or otherwise.

Further, Assignor agrees that, upon request and without further compensation, he and his legal representatives and assigns will perform all lawful acts, including the execution of papers and the giving of testimony, that might be necessary or desirable for obtaining, sustaining, reissuing or enforcing Letters Patent in the United States and throughout the world for the invention, and for perfecting, recording or maintaining the title of Assignee, its successors and assigns, to the invention, the application, and any Letters Patent granted for the invention in the United States and throughout the world.

Assignor represents and warrants that he has not granted and will not grant to others any rights inconsistent with the rights granted by this Assignment.

Assignor authorizes and requests the Commissioner of Patents and Trademarks of the United States and of all foreign countries to issue any Letters Patent granted for the invention,

whether on the application or on any subsequently filed division, continuation, continuation-in-part or reissue application, to Assignee, its successors and assigns, as the assignee of the entire interest in the invention.

IN WITNESS WHEREOF, Assignor had executed this Assignment.
