(hereinafter referred to as "ASSIGNORS"), have invented certain new and useful improvements
in: COATING COMPOSITION, IN PARTICULAR FOR GLASS SURFACES AND
METHODS FOR PRODUCING AND USING SAME

a disclosure of which is contained in an application for Letters Patent of the United States
executed by us on even date herewith and which has been filed under the Patent Cooperation
Treaty on October 24, 2003 as Application No. PCT/EP2003/0011817; and

WHEREAS, Boraglas GMBH

a corporation organized and existing under the laws of the Federated Republic of Germany,
having its principal office and place of business at Weinbergweg 23

06120 Halle / Saale, Germany

(hereinafter referred to as "ASSIGNEE"), is desirous of acquiring the entire right, title and
interest in, to and under said invention, in, to and under the application above identified, and in,
to and under any Letters Patent which may issue from said application;

NOW, THEREFORE, TO ALL WHOM IT MAY CONCERN, Be it known that
for valuable and legally sufficient consideration, the receipt of which by ASSIGNORS from
ASSIGNEE is hereby acknowledged, ASSIGNORS have agreed to and do hereby sell, convey,
assign, transfer, and deliver unto ASSIGNEE the entire right, title and interest in, to and under:
the above-identified invention; the above-identified application for Letters Patent to be filed
therefor; in the United States; and any reissues, extensions, confirmations, divisions, and
continuations of any of the foregoing (hereinafter referred to as "Invention Rights") to have and
to hold for the use and benefit of ASSIGNEE, its legal representatives and assigns, to the full end
of the term for which said Patent is granted, as fully and entirely as the same would have been
held by ASSIGNORS had this Patent Assignment not been made.

ASSIGNORS hereby covenant and agree, for themselves and for their legal representatives, to assist and co-operate with ASSIGNEE in the preparation and prosecution of any application included within the Invention Rights and in the prosecution or defense of any interference, opposition, or other proceeding that may arise in connection with any applications or Letters Patent included within the Invention Rights and further to have executed and delivered to ASSIGNEE any and all additional papers that may be requested by ASSIGNEE for the purpose of implementing the terms of this Assignment.

ASSIGNORS hereby authorize and empower ASSIGNEE to invoke and claim for any application or Letters Patents included within the Invention Rights the benefit: of any rights to which ASSIGNORS might be entitled under International Law or under the laws of any particular country (such as, without limitation, the rights of priority provided by the International Convention for the Protection of Industrial Property, an amended) and to invoke and claim such rights without further written or oral authorization from ASSIGNORS.

ASSIGNORS hereby consent that a copy of this Assignment shall be deemed a full legal and formal equivalent of any assignment, consent to file, or like document that may be required in any particular country for any purpose and, more particularly, as proof of the right of ASSIGNEE to claim the aforesaid benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended.

ASSIGNORS covenant and agree that this Assignment and all of the terms hereof shall inure to the benefit of the successors, assigns, legal representatives, or nominees of ASSIGNEE, without further written or oral authorization from ASSIGNORS.

ASSIGNORS hereby authorize and request the Commissioner of Patents of the United States Patent and Trademark Office to issue Letters Patents to ASSIGNEE in accordance with the terms of this Assignment.

ASSIGNORS hereby authorize ASSIGNEE or its legal representatives to insert in this Assignment document the Serial Number and filing date received from the United States Patent Office for the above-identified application.
