ASSIGNMENT

WHEREAS, the undersigned, hereafter referred to collectively as Assignor, has invented:
Communicating Between a Server and Clients

for which Assignor has made an application for a patent in the United States filed on **09 7May 2005** and assigned serial number **11/124,807**; and

Zeus Technology Limited, The Jeffreys Building, Cowley Road, Cambridge CB4 0WS, United Kingdom, hereinafter referred to as Assignee, is desirous of acquiring an interest therein:

NOW THEREFORE, for good and valuable consideration, the receipt and adequacy whereof is hereby acknowledged, Assignor by these presents does sell, assign and transfer unto Assignee and its successors in interest, the full exclusive right, title and interest in the United States of America and all other countries, including the right to claim priority under the laws of the United States, the Paris Convention and any laws of other countries, to the said invention as described in the aforesaid application, said application for patent and all Letters Patent therefor to be held and enjoyed by Assignee to the full end of the term for which said Letters Patent are granted and extensions thereof as fully and entirely as the same would have been held by Assignor had this assignment and sale not been made, and the right to recover from past infringements of, or liabilities for, any of the rights relating to any of said applications or patents resulting therefrom;

Assignor hereby covenants and agrees to execute all instruments or documents required or requested for the making and prosecution of any application of any type for patent in the United States and in all other countries including, but not limited to, any provisional, continuation, continuation in part, divisional, renewal or substitute thereof, and as to Letters Patent any re-issue, re-examination, or extension thereof, and for litigation regarding, or for the purposes of protecting title and to the said invention, the United States application for patent, or Letters Patents therefor, and to testify in support thereof, for the benefit of Assignee without further or other compensation than that above set forth;

Assignor hereby covenants that no assignment, sale or agreement or encumbrance has been or will be entered into which would conflict with this agreement; and

Assignor hereby requests the Commissioner of Patents and Trademarks to issue a said Letters Patent of the United States of America to Assignee, and requests that any official of any country of countries outside the United States, whose duty is to issue or grant patents and applications aforesaid, to issue said Letters Patent, Utility Model Registration or Inventor's Certificate to Assignee.
