confirm our obligation to and hereby sell, assign and convey, unto Assignee, its successors and assigns, except as set forth below, our entire right, title and interest -

(1) in and to an invention entitled "WRENCH FOR TAMPER SWITCH INSTALLATION" for which we have executed a United States patent application on even date herewith, said United States application being assigned U.S. Serial No. 11/259,808 _____, filed _____ (we hereby authorize Assignee to insert the serial number and filing date in the preceding blanks);

States) based upon said invention, and in and to the patent or patents to be granted thereon, including reissues thereof, if any, to the full end of the term or terms for which said patent or patents may be granted; and
