ASSIGNMENT

Serial No: 29/233,300

Filed: June 30, 2005

Title: IMPACT DRILL

For \$10.00 (Ten Dollars) and other good and sufficient consideration, the receipt and sufficiency whereof are hereby acknowledged, the undersigned hereby assigns to Positex Power Tools (Suzhou) Co., Ltd., Ganjiang Road East 461, Suzhou 215006, Jiangsu Province, P.R. China (hereinafter "assignee"), its successors and assigns, the entire right, title, and interest in the invention of the undersigned disclosed in the above-identified U.S. patent application, executed by the undersigned on July 22, 2005, in that application and any and all other applications in the United States or other countries that the undersigned may file, either solely or jointly with others, on the invention or improvements, in any and all patents that may be obtained on any of those applications, and in any reissue or extension thereof.

The undersigned hereby authorizes and requests the Commissioner of Patents and Trademarks to issue the patent to the assignee.

The undersigned hereby authorizes and requests the attorneys of record in said application to insert in this assignment the execution date and/or filing date and serial number of the application when it becomes known.

The undersigned warrants himself to be the owner of the interest herein assigned and to have the right to make this assignment, and further warrants that there are no outstanding prior assignments, licenses, or other rights in the interest now assigned.

For this consideration the undersigned also agrees, upon the request and at the expense of the assignee, its successors, or assigns, to execute any and all divisional, continuation, continuation-in-part, and substitute applications for the invention or improvements, and any necessary oath or affidavit, and any application for the reissue or extension of any patent that may be granted upon the application, and any and all related documents that the assignee, its successors, or assigns may deem necessary or expedient. The undersigned further agrees that in the event of any application or patent assigned herein becoming involved in interference, he will, upon the request of the assignee, its successors, or assigns, cooperate to the best of the ability of the undersigned with the assignee, its successors, or assigns in preparing and executing the preliminary statement and giving and producing evidence in support thereof. The undersigned hereby agrees to perform, upon request, any and all affirmative acts to obtain patents in the U.S. and other countries, and vest all rights therein hereby conveyed in the assignee, its successors, and assigns so the patents will be held and enjoyed by the assignee, its successors, and assigns to the full end of the term for which the patents may be granted as fully and entirely as they would have been held and enjoyed by the undersigned if this assignment had not been made.

WITNESS my hand this

22nd day of July, 2005

Paolo Andriolo
