WHEREAS,

W. H. Wall Family Holdings GP, LLC
having a place of business at
5139 Jimmy Carter Boulevard
Suite 201
Norcross Georgia 30093
(hereinafter referred to as ASSIGNEE)

is desirous of acquiring ASSIGNOR'S entire right, title and interest in and to said patents and patent applications and the inventions described and claimed in said patents and patent applications;

NOW, THEREFORE, TO ALL WHOM IT MAY CONCERN:

Be it known that, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged by ASSIGNOR, ASSIGNOR does hereby sell, assign and transfer unto ASSIGNEE, and ASSIGNEE'S successors and assigns,

- (a) the entire right, title and interest, for the United States of America, in and to said patents and said patent applications as listed above, the patents to issue from said patent applications, any continuations, divisions, reissues and re-examinations thereof, the inventions described and claimed in said patents and patent applications, and any provisional patent applications on which said patents and patent applications may claim priority;
- (b) the entire right, title and interest, for all countries foreign to the United States Of America, in and to said inventions, and the patents to issue for them, including all rights of priority arising for them, and all the rights and privileges under any and all forms of protection, including patents, that may be granted in said countries foreign to the U.S.A. for them; and

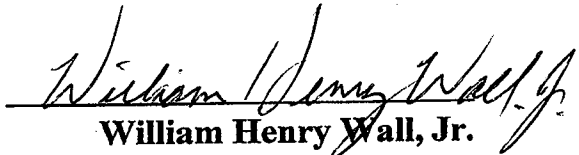

the entire right to bring suit for past and future infringement of said patents and patents to issue from said patent applications, and the right to collect damages for past and future infringement of said patents and the patents to issue from said patent applications.

ASSIGNOR authorizes ASSIGNEE to make application for such protection in its own name and maintain such protection in any and all countries foreign to the U.S., and to invoke and claim for any application for patent or other form of protection for said Inventions, without further authorization from ASSIGNOR, any and all benefits, including the right of priority provided by any and all treaties, conventions, or agreements.

ASSIGNOR hereby consents that a copy of this assignment shall be deemed a full legal and formal equivalent of any document which may be required in any country in proof of the right of ASSIGNEE to apply for patent or other form of protection for said inventions, said utility application, or said provisional application and to claim the aforesaid benefit of the right of priority.

ASSIGNOR requests that any and all patents for said inventions be issued to ASSIGNEE in the U.S. and to ASSIGNEE in all countries foreign to the U.S., or to such nominee as ASSIGNEE may designate.

ASSIGNOR covenants and agrees that, when requested, ASSIGNOR shall, without charge to ASSIGNEE but at ASSIGNEE'S expense, sign all papers, take all rightful oaths, and do all acts which may be necessary, desirable, or convenient in connection with the patent applications, patents, or other forms of protection of said invention(s), and for the defense and protection thereof if challenged in the court of law.

William Henry Wall, Jr.
