PATENT ASSIGNMENT AGREEMENT

This **PATENT ASSIGNMENT AGREEMENT** (the "**Agreement**") is made by and between **Ericsson, Inc. ("Ericsson")**, a Delaware corporation, having its principal place of business at its North American Headquarters at 6300 Legacy Drive, Plano, TX 75024, USA, and **Telefonaktiebolaget LM Ericsson ("LME")**, a limited liability corporation duly incorporated under the laws of Sweden, having its principal place of business at Torshamnsgatan 23, Kista, 164 83 Stockholm, Sweden.

WHEREAS, Ericsson is the sole and exclusive owner of the entire right, title and interest, by valid assignment, of the patents listed on **Schedule 1** (the "**Patents**");

WHEREAS, LME is desirous of acquiring all right, title and interest in, to, and under the aforesaid Patents to reaffirm transfer from LME to **AB ("Mobeon")** of all right, title and interest in the Patents to the extent set forth in a Patent Assignment and License Agreement by and between LME and Mobeon dated 2003-April-02 (the "**PALA**") as described in **Appendix A**;

NOW, THEREFORE, for good and sufficient consideration, the receipt of which is hereby acknowledged, Ericsson does hereby sell, assign, and transfer, to the LME, its successors, legal representatives, and assigns, the Seller's entire right, title, and interest in the aforesaid U.S. Patent Nos. 6,061,718 and 6,215,857, the same to be held and enjoyed by LME and its successors, assigns, transferees, and legal representatives, to the full end of the terms for which said Patents of the United States are granted or reissued, as fully and entirely as the same would have been held by Ericsson had this assignment and sale not been made, together with all claims for damages, including royalties, by reason of past infringement of the aforesaid Patents, with the right to sue for and collect the same for its own use and behoof, and for the use and behoof of its successors, assigns, transferees, and legal representatives.

Ericsson hereby covenants and agrees to and with the LME and its successors, legal representatives, and assigns, that Ericsson will sign all papers and documents, take all lawful oaths, and do all acts necessary or required to be done in connection with any and all proceedings for the procurement, maintenance, enforcement and defense of the Patents, including interference proceedings, without charge to the LME or its successors, legal representatives, and assigns.

In the event of any conflict between this Agreement and the PALA, the PALA shall control. Nothing in this Agreement shall be deemed to amend or modify in any way any of the terms and conditions of the PALA or any rights or obligations of the parties thereto.

IN WITNESS WHEREOF, Ericsson has caused this Assignment to be made and executed as of the respective dates indicated below.
