ASSIGNMENT

This Assignment is made by Michael Morgan of Dripping Springs, Texas, and Janet Morgan of Dripping Springs, Texas, (collectively, "Assignors").

WHEREAS, Assignors have invented a new and useful invention entitled "Combination Dehydrator, Dry Return Air and Condensed Water Generator/Dispenser", for which an application for United States Patent was made on June 13, 2005, and assigned serial number 11/150,909; and

WHEREAS, Assignors believe themselves to be the first and original inventors of the invention, including any and all improvements disclosed in said application ("Invention"); and

WHEREAS, the parties desire to have a recordable instrument assigning the entire right, title and interest in and to said Invention, said application, any divisional, continuation, continuation-in-part, re-examination, reissue or other applications ("Applications") claiming said Invention, and any patents, invention registrations or other forms of protection ("Patents") that may be granted for said Invention, in the United States and throughout the world;

NOW, THEREFORE, in accordance with the obligations to assign the Invention and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignors hereby sell, assign, and transfer to Mike & Janet Morgan LLC, having a principal business address at 403 KC Memory Lane, Dripping Springs, Texas 78620 (hereinafter referred to as "Assignee"), the entire right, title, and interest in and to said Invention, said Applications and said Patents, including the right to file foreign applications directly in the name of the Assignee and to claim for any such foreign applications any priority rights to which such applications are entitled under international conventions, treaties, or otherwise.

Assignors agree that, upon request and without further compensation, but at no expense to Assignors, Assignors and/or their legal representatives and assigns will do all lawful acts, including the execution of papers and the giving of testimony, that may be necessary or desirable for obtaining, sustaining, reissuing, or enforcing the Patents in the United States and throughout the world for said Invention, and for perfecting, recording, or maintaining the title of Assignee, its successors and assigns, to said Invention, said application, and any Patents granted for said Invention in the United States and throughout the world.

Assignors represent and warrant that they have not granted and will not grant to others any rights inconsistent with the rights granted herein.

Assignors authorize and request the Commissioner for Patents of the United States and of all foreign countries to issue any Patents granted for said Invention to Assignee, its successors and assigns, as the assignee of the entire right, title, and interest in and to said Invention.

IN WITNESS WHEREOF, Assignors have executed this Assignment on the date provided below.
