**ASSIGNMENT**

WHEREAS we, **Steen Hojgaard Christensen of Bronshoj, Denmark; Karin Meyer Hansen of Herfolge, Denmark; and Jens Eskil Trudso of Roskilde, Denmark** hereinafter referred to as "applicants", have made a certain new and useful invention as set forth in an application for United States Letters Patent entitled: **Process For Making De-esterified Pectins, Their Composition and uses Thereof.**

- for which an application for a United States Patent was filed on December 31, 2004 as application number 10/519,704;
- for which an application for a United States Patent was executed on \_\_\_\_\_, \_\_\_\_\_, and \_\_\_\_\_; and

WHEREAS, CP Kelco ApS of Skensved, Denmark, hereinafter referred to as "assignee", whose post office address is Ved Banen 16, DK-4623 Lille, Skensved, Denmark, is desirous of acquiring the entire right, title and interest in said inventions and in any patent which may be granted therefor.

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, we, the applicants, do hereby sell, assign and transfer unto said assignee, its successors and assigns, our entire right, title and interest for all countries in and to said inventions, and all the rights and privileges under any and all application and Letters Patent which may be granted therefor, and any divisions, continuations, reissues and extensions thereof.

We agree that, when requested, we will, without charge to said assignee but at its expense, sign all papers, take all rightful oaths, make all rightful declarations, and do all acts which may be necessary, desirable or convenient for securing and maintaining patents or other forms of protection for said inventions in any and all countries, and for vesting title thereto in said assignee, its successors, assigns or nominees.

We agree that we will communicate to said assignee, or its representatives, any facts known to us respecting said inventions and, when requested by said assignee, and at its expense, will testify in any legal proceedings, and generally do everything possible to aid said assignee, its successors, assignees, and legal representatives or nominees, to obtain or enforce proper protection for said inventions in any and all countries.

We authorize and empower said assignee, its successors, assigns or nominees, to make application for patent or other form of protection for said inventions in its or their own name, or in our names, in any and all countries, and to invoke and claim for any application for patent or other form of protection for said inventions filed by it or them, the benefit of the right or priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for it, and to invoke and claim such right of priority without further written or oral authorization from us.

We hereby consent that a copy of this Assignment shall be deemed a full, legal and formal equivalent of any Assignment, consent to file or like document, which may be required in any country for any purpose, and more particularly, in proof of the right of said assignee or its successors, assigns or nominees to apply for patent or other proper protection for said inventions, and to claim the aforesaid benefits of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for it.

We covenant with assignee, its successors, assigns, legal representatives and nominees that to the best of our knowledge, the right, title and interest herein conveyed by us is free and clear of any encumbrance, and that we have full right to convey the same as herein expressed.
