Assignment of Invention

For good and valuable consideration, the receipt of which is hereby acknowledged, **Mayville Engineering Company, Inc.** of 715 South Street, Mayville, WI 53050 (hereafter "Assignor"), does hereby assign, sell and transfer to Equipment Parts Wholesale, a California Limited Liability Corporation, of 4780 East Jensen, California 93725 (hereafter "Assignee"), and the successors, assigns and legal representatives of the Assignee, the entire right, title and interest for the United States, Canada, and their respective territorial possessions, including the rights to claim priority, in and to any and all improvements which are disclosed in the invention entitled **Single Beam Aerial Work Platform** and which is found in the U.S. patent number 5,476,050 issued on December 19, 1995, Canadian patent number 2,115,870, and any legal equivalent thereof, including the right to claim priority, and in and to, all Letters Patent to be obtained for said invention by the above patents or any continuation, division, renewal, or substitute thereof, and as to letters patent any reissue or re-examination thereof.

Assignor covenants that no assignment, sale, agreement or encumbrance has been or will be made or entered into which would conflict with this assignment.

Assignor further covenants that Assignee will, upon its request, be provided promptly with all pertinent facts and documents relating to said invention and said Letters Patent and legal equivalents as may be known and accessible to Assignor and will testify as to the same in any interference, litigation, or proceeding related thereto and will promptly execute and deliver to Assignee or its legal representatives any and all papers, instruments, affidavits required to apply for, obtain, maintain, issue and enforce said application, said invention and said Letters Patent and said equivalents thereof which may be necessary or desirable to carry out the purposes thereof.

In Witness Whereof, I have hereunto set hand and seal this 12 day of 2005,
2005.
