# ASSIGNMENT

Atty. Docket No. 6175-000014/US

Terrapin Engineering, L.L.C., a limited liability company with an address at 110 Long Ridge Road, Danbury Connecticut 06810, hereinafter referred to as Assignor, has agreed to, and hereby does sell, assign and transfer the entire right, title, and interest that Assignor has in and to the invention entitled:

## WHEELED SHOVEL

which is the subject of a United States design application for patent filed on October 20, 2005 and assigned Serial No. 29/240,980;

to Structured Solutions II LLC, a limited liability company organized under the laws of the state of Delaware, United States of America, with an address at 55 Saint John Place, Suite 201, New Canaan, Connecticut 06840, hereinafter referred to as Assignee, who is desirous of acquiring the entire right, title, and interest that Assignor has therein:

NOW, THEREFORE, for good and valuable consideration, the receipt and adequacy whereof is hereby acknowledged, Assignor by these presents does sell, assign and transfer unto Assignee and its successors in interest, the full and exclusive right, title and interest in the United States of America and all foreign countries, including the right to claim priority under the laws of the United States, the Paris Convention, and any foreign countries, to the said invention as described in the aforesaid application, said application for patent and all Letters Patent therefor to be held and enjoyed by Assignee to the full end of the term for which said Letters Patent are granted and any extensions thereof as fully and entirely as the same would have been held by Assignor had this assignment and sale not been made, and the right to recover for past infringements of, or liabilities for, any of the rights relating to any of said applications or patents resulting therefrom;

Assignor hereby covenants and agrees to execute all instruments or documents required or requested for the making and prosecution of any applications of any type for patent in the United States and in all foreign countries including, but not limited to, any provisional, continuation, continuation-in-part, divisional, renewal or substitute thereof, and as to letters patent any reissue, re-examination, or extension thereof, and for litigation regarding, or for the purpose of protecting title and to the said invention, the United States application for patent, or Letters Patent therefor, and to testify in support thereof, for the benefit of Assignee without further or other compensation than that above set forth;

Assignor hereby covenants that no assignment, sale or agreement or encumbrance has been or will be entered into which would conflict with this Assignment; and

Assignor hereby requests the Commissioner of Patents and Trademarks to issue said Letters Patent of the United States of America to Assignee, and requests that any official of any country or countries foreign to the United States, whose duty it is to issue or grant patents and applications as aforesaid, to issue said Letters Patent, Utility Model Registration or Inventor's Certificate to Assignee.
