ASSIGNMENT

WHEREAS, I, Lael D. King of St. Louis Park, Minnesota, have invented certain new and useful improvements in SATELLITE LOCATOR SYSTEM, for which a Letters Patent of the United States has been issued, and which may be identified in the United States Patent Office by Patent No. 6,864,846 ("Patent"), issued March 8, 2005.

WHEREAS, Electronic Controlled Systems, Inc. d/b/a King Controls ("Assignee"), a business entity organized and existing under the laws of the State of Minnesota, and having its principal offices at 11200 Hampshire Avenue South, Bloomington, Minnesota 55438 USA, is desirous of acquiring and confirming the acquisition of the entire right, title and interest in and to said inventions, said application, and under any and all Letters Patent to be or that have been obtained therefor;

NOW, THEREFORE, for and in consideration of One Dollar (\$1.00) and other good and valuable consideration to me in hand paid by said Assignee, the receipt of which is hereby acknowledged, I have sold, assigned and transferred, and by these presents do hereby sell, assign and transfer unto the said Assignee, its successors and assigns, my entire right, title and interest in and to said inventions, said provisional/utility application, all applications claiming priority to said provisional/utility application including all divisions, continuations or renewals thereof, and the Letters Patent, both foreign and domestic, that may or shall issue, therefrom including all reissues or extensions of such patents including all of my rights under the International Convention, and I do hereby authorize and request the Commissioner of Patents to issue said Letters Patent to the above mentioned Assignee in accordance herewith. Said assignment comprises the right to enforce patent rights under the Patent as fully and entirely as the same would have been held and enjoyed by the Assignor if this assignment had not been made; together with all claims by Assignor for damages by reason of past infringement or for provisional rights and including the right to sue for, and collect the same for its own use and benefit, and for the use and benefit of its successors, assigns, and other legal representatives.

I further authorize said Assignee, its successors and assigns, or anyone it may properly designate, to apply for Letters Patent, in its own name if desired, in any and all foreign countries, and additionally to claim the filing date of said United States application and/or otherwise take advantage of the provisions of the International Convention.

Upon said consideration I do hereby covenant and agree with the said Assignee, its successors and assigns, that I will not execute in writing or do any act whatsoever conflicting with these presents, and that I or my executors or administrators will at any time upon request, without further or additional consideration, but at the expense of the said Assignee, its successors and assigns, execute such additional writings and do such additional acts as said Assignee, its successors and assigns, may deem necessary or desirable to perfect the Assignee's enjoyment of this grant, and render all necessary assistance in making application for and obtaining original, divisional, reissued or extended Letters Patent of the United States, or of any and all foreign countries on said inventions, and in enforcing any rights occurring as a result of such

applications or patents, by giving testimony in any proceedings or transactions involving such applications or patents.

This assignment supercedes and replaces any and all previous assignments or agreements between the parties concerning the Patent.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my seal as dated below.

ASSIGNMENT

WHEREAS, I, James P. Boardson, a citizen of the United States of America, presently residing in Roseville, Minnesota, USA, have invented certain new and useful improvements in SATELLITE LOCATOR SYSTEM , for which a Letters Patent of the United States has been issued, and which may be identified in the United States Patent Office by Patent No. 6,864,846 ("Patent"), issued March 8, 2005.

WHEREAS, Electronic Controlled Systems, Inc. d/b/a King Controls ("Assignee"), a business entity organized and existing under the laws of the State of Minnesota, and having its principal offices at 11200 Hampshire Avenue South, Bloomington, Minnesota 55438 USA, is desirous of acquiring and confirming the acquisition of the entire right, title and interest in and to said inventions, said application, and under any and all Letters Patent to be or that have been obtained therefor;

NOW, THEREFORE, for and in consideration of One Dollar (\$1.00) and other good and valuable consideration to me in hand paid by said Assignee, the receipt of which is hereby acknowledged, I have sold, assigned and transferred, and by these presents do hereby sell, assign and transfer unto the said Assignee, its successors and assigns, my entire right, title and interest in and to said inventions, said provisional/utility application, all applications claiming priority to said provisional/utility application including all divisions, continuations or renewals thereof, and the Letters Patent, both foreign and domestic, that may or shall issue, therefrom including all reissues or extensions of such patents including all of my rights under the International Convention, and I do hereby authorize and request the Commissioner of Patents to issue said Letters Patent to the above mentioned Assignee in accordance herewith. Said assignment comprises the right to enforce patent rights under the Patent as fully and entirely as the same would have been held and enjoyed by the Assignor if this assignment had not been made; together with all claims by Assignor for damages by reason of past infringement or for provisional rights and including the right to sue for, and collect the same for its own use and benefit, and for the use and benefit of its successors, assigns, and other legal representatives.

I further authorize said Assignee, its successors and assigns, or anyone it may properly designate, to apply for Letters Patent, in its own name if desired, in any and all foreign countries, and additionally to claim the filing date of said United States application and/or otherwise take advantage of the provisions of the International Convention.

Upon said consideration I do hereby covenant and agree with the said Assignee, its successors and assigns, that I will not execute in writing or do any act whatsoever conflicting with these presents, and that I or my executors or administrators will at any time upon request, without further or additional consideration, but at the expense of the said Assignee, its successors and assigns, execute such additional writings and do such additional acts as said Assignee, its successors and assigns, may deem necessary or desirable to perfect the Assignee's enjoyment of this grant, and render all necessary assistance in making application for and obtaining original, divisional, reissued or extended Letters Patent of the United States, or of any and all foreign

countries on said inventions, and in enforcing any rights occurring as a result of such applications or patents, by giving testimony in any proceedings or transactions involving such applications or patents.

This assignment supercedes and replaces any and all previous assignments or agreements between the parties concerning the Patent.
