ASSIGNMENT

THIS PATENT ASSIGNMENT ("Assignment") is made and entered into as of the 13 day of December, 2005 (the "Effective Date"), by and between Melvin Simon ("Assignor"), an individual residing in Carmel, Indiana and BGI Acquisition, LLC ("Assignee") an Indiana Limited Liability Company with its principal place of business located at 115 West Washington Street, Indianapolis, Indiana 46204.

WHEREAS, Assignor is the owner of the entire right, title and interest in and to the applications for Letters Patent (herein "said Patent Applications") and the Letters Patent issued therefrom as well as the Letters Patent and the inventions respectively disclosed and/or claimed therein included in Exhibit A attached hereto and made a part hereof by this reference, pursuant to An Acknowledgement of Default and Surrender of Collateral (Intellectual Property) agreement regarding the Patent Security Agreement dated April 30, 2004 and recorded on July 19, 2004 at the United States Patent and Trademark Office at Reel/Frame 014863/0273.

Be it known that for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Assignor hereby sells, assigns and transfers to the Assignee the full and exclusive right, title and interest to said Patent Applications and the Inventions disclosed and/or claimed therein in the United States and its territorial possessions and in all foreign countries, including Canada, and to all Letters Patents or similar legal protection in the United States and its territorial possessions and in any and all foreign countries, including Canada, to be obtained for said Inventions by said Patent Applications or any continuation, division, renewal, substitute, nationalization, or reissue thereof or any legal equivalent thereof in a foreign country for the full term or terms for which same may be granted.

Assignor hereby covenants that that no assignment, sale, agreement, license or encumbrance has been or will be made or entered into by him which would conflict with this assignment and sale.

Assignor further covenants (1) to promptly provide to the Assignee upon its request all pertinent facts and documents relating to said Patent Applications, said Inventions, said Letters Patent and any legal equivalents thereof in any foreign countries as may be known and accessible to Assignor; (2) to testify as to the same in any interference or litigation related thereto; and (3) to promptly execute and deliver to Assignee or its designee any and all papers, instruments or affidavits required to apply for, obtain, maintain, issue and enforce said Patent Applications, said Inventions and said Letters Patent, and said equivalents therefor in any foreign country which may be necessary or desirable to carry out the purposes hereof.

Assignor authorizes and requests the Commissioner of Patents and Trademarks of the United States and of all foreign countries to issue any Letters Patent granted for said Patent Applications, whether based on any one of said Patent Applications or on any subsequently filed division, continuation, continuation-in-part or reissue thereof to Assignee, its successors and assigns, as the assignee of the entire interest in said Patent Applications and the inventions disclosed and/or claimed therein.

IN WITNESS WHEREOF, Assignor has executed this assignment on the date first written above.
