Asoke Kumar De U.S. Patent No.:
Issue Date:

Foreign patent applications filed or intended to be filed at contractor's expense in (countries):
(None)

The Contractor certifies that a true copy of the provisions which govern patent rights in
"subject inventions" under the above-identified contract is herewith submitted or has been
submitted to the U.S. Department of Energy by certification dated October 29, 1996.

WHEREAS, the above-identified contract provides the Contractor with the right to elect to retain
title in certain inventions and the Contractor has reported the above-identified invention as a subject
invention under the contract, has elected to retain title therein, and has agreed to file a domestic
patent application thereon, if not previously filed.

ACCORDINGLY, the Contractor hereby confirms that under the provisions of the above-
identified contract governing patent rights, it has granted to the Government a nonexclusive,
nontransferable, irrevocable, paid-up license to practice or have practiced for or on behalf of the
United States the subject invention throughout the world. This license applies to the above-identified
invention, the above-identified patent application(s), and any and all divisions or continuations
thereof and any resulting patent or reissue patent which may be granted thereon.

The Government reserves for itself, and is hereby granted by the Contractor, the irrevocable
power to inspect and make copies of the file wrapper(s) of the above-identified U.S. patent
application and of any related or continuation patent application(s), whether domestic or foreign, for
the above-identified invention.

It is understood and agreed that this instrument does not preclude the Government from asserting
rights under the provisions of the above-identified contract or any other agreement between the
Government and the Contractor, or any other rights of the Government with respect to the above-
identified invention.
