PATENT ASSIGNMENT

THIS AGREEMENT made the 24th day of May, 2001 by and between REDLEAF GROUP, INC., a Delaware corporation ("REDLEAF"), and REDCREEK COMMUNICATIONS, INC., a California corporation ("REDCREEK") and INTERNET DYNAMICS, INC., a Delaware corporation (IDI).

WHEREAS, IDI is a wholly owned subsidiary of REDCREEK;

WHEREAS, IDI originally developed all of the intellectual property rights in and to an original work of authorship in the nature of policy modified software ("IDI's Conclave"), and whereas REDCREEK has thereafter modified IDI's Conclave and has created original works of authorship in the nature of policy management software based on IDI's Conclave (hereinafter, IDI's Conclave and REDCREEK's modified versions of and original works of authorship based on IDI's Conclave are collectively referred to as "Conclave");

WHEREAS, either REDCREEK or IDI is the owner of each of the issued patent registration(s) and pending patent application(s) listed on the attached Schedule A which relate to Conclave;

WHEREAS, REDLEAF and REDCREEK have executed a letter of understanding on March 30, 2001 in which REDLEAF intends to extend certain bridge financing ("Bridge Financing") to REDCREEK;

WHEREAS, a portion of the Bridge Financing is to go directly to IDI;

WHEREAS, REDCREEK provides financing to IDI from time to time and IDI will also directly benefit from the Bridge Financing to be provided by REDLEAF directly to REDCREEK;

WHEREAS, a condition to REDLEAF providing the Bridge Financing to REDCREEK and IDI is that REDLEAF acquire all of the property rights in and to Conclave including any and all issued patent registrations and pending patent applications relating to Conclave;

REDCREEK and IDI do hereby sell, assign and convey unto REDLEAF all right, title and interest in and to the inventions, registration(s) and application(s) listed on Schedule A and any patents that may issue therefrom in the United States or any other countries, including the right to sue for past infringements.

REDCREEK and IDI further covenant that REDLEAF will, upon its request, be provided promptly with all pertinent facts and documents relating to the inventions and patent application and legal equivalents as may be known and accessible to REDCREEK and IDI and will testify as to the same in any litigation or proceeding related thereto and will promptly execute and deliver to REDLEAF or its legal representatives any and all papers, instruments or affidavits required to apply for, obtain, maintain, and

issue said patent application and enforce any patents issuing thereon which may be necessary or desirable to carry out the purposes thereof.

IN WITNESS WHEREOF, this Assignment shall be effective as of the date set forth above.
