ASSIGNMENT

Whereas, Andersen Manufacturing, Inc., an Idaho Corporation having a place of business at 3125 N. Yellowstone Hwy., Idaho Falls, Idaho 83401 (hereinafter "Andersen Manufacturing"), is the owner of the entire right, title and interest in and to United States Letters Patent No. 6,908,099 and in all divisions, continuations and continuations-in-part of said application, including the application for United States Letters Patent, Serial No. 11/159,436, filed June 20, 2005, and all reissues and extensions of Letters Patent and Patents granted thereon; in all corresponding applications filed in countries foreign to the United States; and in all patents issuing thereon in the United States and foreign countries (hereinafter collectively the "Inventions"); and

Whereas, John I. Andersen, an individual whose residence and post office address is 1225 Oakmeadow Circle, Idaho Falls, Idaho 83406, is desirous of acquiring the entire right, title and interest in and to the said Inventions within the United States of America and its territorial possessions and within the countries foreign to the United States and any United States or foreign Letters Patent that may be granted therefore, and to provide an exclusive license back to Andersen Manufacturing to make, use and sell the technology of the Inventions and to transfer to Andersen Manufacturing the right to pursue all past, present and future disputes based on the Inventions.

Thus, in consideration of One Dollar (\$1.00), and other good and valuable consideration paid to Andersen Manufacturing by John I. Andersen, the receipt and sufficiency of which Andersen Manufacturing hereby acknowledges, Andersen Manufacturing hereby assigns to John I. Andersen:

The entire right, title, and interest, and all accrued rights, in said Inventions; in the above-identified United States patent, and in all divisions, continuations and continuations-in-part of said application, and all reissues and extensions of Letters Patent and Patents granted thereon; in all corresponding applications filed in countries foreign to the United States; and in all patents issuing thereon in the United States and foreign countries.

The right to file foreign patent applications on said invention in its own name, wherever such right may be legally exercised, including the right to claim the benefits of the International Convention for such applications.

Additionally for the above-identified consideration, John I. Andersen hereby grants an exclusive license back to Andersen Manufacturing to make, use and sell the technology or devices incorporating the technology of the Invention(s). John I. Andersen also transfers to Andersen

Manufacturing the exclusive right to pursue all legal and equitable claims related to enforcement and to seek damages for all past, present and future dispute(s) and infringement(s) of the Inventions.

Andersen Manufacturing hereby authorizes and requests the United States Commissioner for Patents, and such Patent Office officials in foreign countries as are duly authorized by their laws to issue patents, to issue any and all patents on said Inventions to John I. Andersen as the owner of the entire interest, for the sole use and benefit of the said Assignee, its successors, assigns, and legal representatives.

Andersen Manufacturing hereby agrees, without further consideration and without expense to Andersen Manufacturing, to sign all lawful papers and to perform all other lawful acts which the John I. Andersen may request of Andersen Manufacturing to make this Assignment fully effective, including, by way of example but not of limitation, the following:

Prompt execution of all original, divisional, substitute, reissue, and other United States and foreign patent applications on said Inventions, and all lawful documents requested by the Assignee to further the prosecution of any of such patent applications.

Cooperation to the best of its ability in the execution of all lawful documents, the production of evidence, nullification, reexamination, reissue, extension, or infringement proceedings involving said Inventions.

This assignment and agreement shall be binding upon my heirs and legal representatives.
