ASSIGNMENT

WHEREAS, Bayer Aktiengesellschaft is the owner of application serial number 10/311,591 and the invention described therein; and

WHEREAS, Bayer HealthCare AG, a corporation duly organized under the laws of Germany, having a place of business at D-51368 Leverkusen, Germany, desires to acquire the entire right, title and interest in and to the aforesaid invention and in and to any Letters Patent of the United States or any foreign country which may be granted therefor;

NOW THEREFORE, for good and valuable consideration, the said Bayer Aktiengesellschaft does sell, assign, and transfer unto Bayer HealthCare AG, its successors, legal representatives and assigns, the full and exclusive right to the said invention as described in the said applications, and the entire right, title and interest in and to any and all Letters Patent which may be granted therefor in the United States and its territorial possessions, including all priority rights for other countries arising therefrom, and in any and all foreign countries and in and to any and all divisions, reissues, continuations and extensions thereof;

AND Bayer Aktiengesellschaft HEREBY authorizes and requests the Commissioner of Patents and Trademarks or any other proper officer or agency of any country to issue all said Letters Patent to said assignee;

AND Bayer Aktiengesellschaft HEREBY warrants and covenants that it has full right to convey the entire interest herein assigned and that it has not executed and will not execute any instrument or assignment in conflict herewith.
