## ASSIGNMENT OF PATENTS AND PATENT APPLICATIONS

WHEREAS, SearchFox, a California corporation, having its principal place of business at 425 Barneveld Ave., Suite 200, San Francisco, California 94124 ("Assignor"), is the owner of the following patent applications:

### PENDING PATENT APPLICATIONS ("Patent Applications")

Country	Application No.	Title	Filing Date
US	10/864,074	"Query Based Search Engine"	06/08/04
US	11/036,604	"Reputation Based Search"	01/14/05

WHEREAS, Yahoo! Inc., a Delaware corporation, having its principal place of business at 701 First Avenue, Sunnyvale, California 94089 ("Assignee"), is desirous of acquiring the entire and exclusive right, title and interest in and to the said inventions in the United States and throughout the world, and in and to any Letters Patent which may be granted and issued therefore;

WHEREAS, on January 5, 2006, Learning Technologies recorded with the United States Patent and Trademark Office the assignment of the Patent Applications from Learning Technologies to SearchFox;

NOW, THEREFORE, contingent upon the closing of the transaction contemplated by the Intellectual Property Acquisition and Assignment Agreement, dated as of January 9, 2006 (the "Agreement"), by and between Assignee and Assignor, in consideration of the sum of One Dollar (\$1.00) to Assignor in hand paid, the foregoing recitals, and other good and valuable consideration described herein, the receipt and sufficiency of which is hereby acknowledged, the parties hereto hereby agree as follows:

1. **Assignment.** Assignor hereby assigns, transfers and conveys to Assignee all of Assignor's right, title, and interest throughout the world in and to said Patent Applications, the underlying inventions described therein, and any and all Letters Patent whether U.S. or foreign that are or may be granted therefrom including without limitation any extensions, continuations, continuations-in-part, divisions, reissues and renewals thereof, or other equivalents thereof (collectively, the "Assigned Patents and Patent Applications"), and further, all rights and privileges pertaining to the Assigned Patents and Patent Applications including without limitation the right, if any, to sue, bring other actions, and recover damages for past, present and future infringement thereof.

2. **Further Assignment.** Assignor further assigns to and empowers Assignee, its successors, assigns or nominees, all rights to make applications for patents or other forms of protection for said inventions and to prosecute such applications and said Patent Applications, as

Assignment

well as to claim and receive the benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for it, and the right to invoke and claim such right of priority without further written or oral authorization.

3. **Authorization of Patent and Trademark Office to Record.** Assignor further agrees that this assignment shall be deemed a full legal and formal equivalent of any assignment, consent to file or like document which may be required in any country for any purpose regarding the subject matter hereof, as well as constituting proof of the right of Assignee or its successors, assigns or nominees to apply for patent or other proper protection for said inventions, and to claim the aforesaid benefits of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for it.

4. **Further Assurances.** At reasonable cost to Assignor, Assignor agrees to take such further action and to execute such documents as Assignee may reasonably request to effect or confirm the conveyance to Assignee of the Patents and Patent Applications and any improvements thereunder.

5. **Intellectual Property Disclaimers.** The Patent Applications are being transferred and assigned in an "as-is" condition, without any warranty of any nature, express or implied, except as specifically set forth herein. Nothing in this Agreement shall be construed as:

(a) A warranty or representation by Assignor as to the validity or scope of any of the Assigned Patents and Patent Applications; or

(b) A warranty or representation that the Assigned Patents and Patent Applications are, or will be, free from infringement of proprietary rights of third parties; or

(c) An obligation to furnish any know-how except copies of the Patent Applications.

IN WITNESS WHEREOF, this Assignment is executed this 9th day of January, 2006.
