PATENT ASSIGNMENT

PATENT ASSIGNMENT dated as of January 23, 2006, made by Changing Paradigms, LLC, a Delaware limited liability company ("Assignor"), in favor of The Evercare Company, a Delaware corporation ("Assignee").

WHEREAS, Assignor owns certain patents, patent applications and statutory invention registrations, designs and improvements described and claimed therein, patentable inventions and other patent rights (including any divisions, continuations, continuations-in-part, reissues, reexaminations, or interferences thereof, whether or not patents are issued on any such applications and whether or not any such applications are modified, withdrawn, or resubmitted) which are described in United States and foreign patents which have issued or for which applications are pending, including but not limited to those set forth in Schedule 1 attached hereto (the "Patent Rights");

WHEREAS, pursuant to the Asset Purchase Agreement, dated as of November 22, 2005, between Assignor and Assignee, as amended, Assignor agreed to assign all right, title and interest in and to the Patent Rights to Assignee;

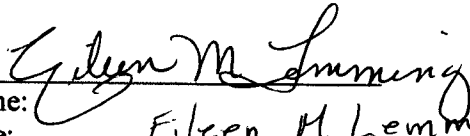

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor hereby transfers, assigns, and otherwise conveys to Assignee, all of Assignor's right, title, and interest in, to, and under the following:

1. the Patents Rights and
2. all proceeds of the foregoing, including, without limitation, any claim by Assignor against third parties for past, present, or future infringement of the Patent Rights.

For the consideration aforesaid, Assignor agrees that it will, upon request, execute additional lawful papers and generally do all other acts reasonable and necessary to record this Assignment in any jurisdiction.

Assignor has caused this Patent Assignment to be duly executed and authorized as of the date hereof.
