ASSIGNMENT

WHEREAS, We, Richard A. Nazarian of 21115 Christmas Lane, Excelsior, Minnesota; Lori E. Lucke, Ph.D. of 1891 Covington Lane, Eagan, Minnesota; Susan S. Alfini of 10880 133rd Circle North, Champlin, Minnesota; Mark J. Bina of 644 Lake Pine Drive, Shoreview, Minnesota; and Don W. E. Evans of 1953 Jefferson Avenue, St. Paul, Minnesota have invented and own a certain invention entitled DIFFERENTIAL NOISE CANCELLATION OF OPTICAL INPUT SIGNALS FOR PHYSIOLOGICAL PULSE MEASUREMENT for which a patent application for a Letters Patent of the United States is about to be made, said application having been executed on even date herewith, and which may be identified by its priority document in the United States Patent Office by Serial No. 60/619,253, filed October 15, 2004; have invented and own a certain invention entitled MOTION CANCELLATION OF OPTICAL INPUT SIGNALS FOR PHYSIOLOGICAL PULSE MEASUREMENT for which a patent application for a Letters Patent of the United States is about to be made, said application having been executed on even date herewith, and which may be identified by its priority documents in the United States Patent Office by Serial No. 60/681,397, filed May 16, 2005 and Serial No. 60/696,858, filed July 6, 2005; and have invented and own a certain invention entitled MOTION CANCELLATION OF OPTICAL INPUT SIGNALS FOR PHYSIOLOGICAL PULSE MEASUREMENT for which a patent application for a Letters Patent of the United States is about to be made, said application having been executed on even date herewith, and which may be identified by its priority document in the United States Patent Office by Serial No. 11/250,011, filed 10/13/2005; and

WHEREAS, PulseTracer Technologies Inc., a corporation organized and existing under the laws of British Columbia, Canada, and having its principal offices at Suite 950-1040 West Georgia Street, Vancouver, British Columbia, Canada V6E 4H1, is desirous of acquiring the entire right, title and interest in and to said invention, said application and in, to and under any and all Letters Patent to be obtained therefor;

NOW, THEREFORE, for good and valuable consideration to us in hand paid by said PulseTracer Technologies Inc., the receipt of which is hereby acknowledged, we have sold, assigned and transferred, and by these presents do hereby sell, assign and transfer unto the said PulseTracer Technologies Inc., its successors and assigns, our entire right, title and interest in and to said invention, said application and the Letters Patent, both foreign and domestic, that may or shall issue, including all of our rights under the International Convention and Patent Cooperation Treaty and other international treaties, and we do hereby authorize and request said Letters Patent be issued to the above-mentioned assignee in accordance herewith.

We hereby authorize the above-mentioned assignee, its successors and assigns or anyone it may properly designate, to insert in this instrument the filing date and Serial Number of said application when ascertained.

We further authorize said assignee, its successors and assigns, or anyone it may properly designate, to apply for Letters Patent, in its own name if desired, in any and all foreign countries, and additionally to claim the filing date of said United States provisional application and/or otherwise take advantage of the provisions of the International Convention.

Upon said consideration, we do hereby covenant and agree with the said assignee, its successors and assigns, that we will not execute any writing or do any act whatsoever conflicting with these presents, and that we or our executors or administrators will at any time upon request, without further or additional consideration, but at the expense of said assignee, its successors and assigns, execute such additional writings and do such additional acts as said assignee, its successors and assigns, may deem necessary or desirable to perfect the assignee's enjoyment of this grant, and render all necessary assistance in making application for and obtaining original, divisional, continuation, reissued or extended Letters Patent of any and all countries, whether domestic or foreign, on said invention, and in enforcing any rights, occurring as a result of such applications or patents, by giving testimony in any proceedings or transactions involving such applications or patents.

In witness whereof, we have hereunto set our hands and affixed our seals.
