ASSIGNMENT

This ASSIGNMENT (this "Assignment") is made and entered into effective this 31st day of May, 2005, by and among ElkCorp, a Delaware corporation with an address at 14911 Quorum Drive, Suite 600, Dallas, Texas 75254 ("Assignor"), OEL, Ltd., d.b.a. "Ortloff Engineers, Ltd.", a Nevada corporation with an address at 14911 Quorum Drive, Suite 600, Dallas, Texas 75254 ("Company"), and Torgo Ltd., a Texas limited partnership with offices at Wilco Building, Suite 2000, 415 West Wall Street, Midland, Texas 79701 ("Assignee").

WHEREAS, Assignor is or may be the owner or co-owner of all right, title and interest in and to the patent applications and patents identified on *Schedule A* to this Assignment and the inventions covered thereby, and any reissuances, continuations, continuations-in-part, divisionals, and reexaminations thereof, and any patents that may be issued or resulting from such patent applications (collectively, the "Patent Rights"); and

WHEREAS, (a) Assignor desires to assign and transfer to the Company, (b) the Company desires to assign and transfer to the Assignee, and (c) Assignee desires to receive and acquire from Assignor, through the Company, and the Company all of Assignor's and the Company's right, title and interest in and to the Patent Rights.

NOW, THEREFORE, in consideration of the foregoing, the receipt herewith of ten United States Dollars (US\$10.00), and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor does hereby assign, sell, transfer and set over to the Company, and the Company does hereby assign, sell, transfer and set over to Assignee, its successors, legal representatives and assigns, all of Assignor's and Company's right, title and interest in and to the Patent Rights, the same to be held and enjoyed by Assignee, its successors and assigns as fully and entirely as the same would have been held and enjoyed by Assignor had this Assignment not been made, and including the rights to file any patent application and obtain any patent anywhere in the world relating to the Patent Rights.

Assignor shall cause, and hereby authorizes, the Commissioner of Patents of the United States Patent and Trademark Office to record Assignee as the owner of the U.S. patent applications and patents set forth on *Schedule A* of this Assignment, and any patent or patents resulting from such U.S. patent applications, and to issue any letters patent and certificates of registration or recordation, present, pending or future, for such patent application, patent or patents resulting therefrom, and any other patent application and patent included in the Patent Rights.

Except to the extent that federal law preempts state law with respect to the matters covered by this Assignment, this Assignment is governed by the laws of the State of Texas, United States of America, without regard to any conflict of laws provisions that may require the application of any other law.

Assignor and Assignee have caused this Assignment to be executed as of the day and year first written above.

- (2) See 01/20 for country listings (ANGLE-DIV is based on ANGLE)
- (3) Non-Provisional Patent Application and Foreign filing deadline is 7/1/2005 (LFP2)

* or ** on Patent Appication or Patent No. fields when no Patent No. has been issued yet but the field is needed for this report.

> Indicates a Patent has expired or has been abandoned.

If you prefer only Active information (no abandoned/expired patents or pending patent applications), request the rptPatentAwardStatusInternalActive report

When filing PCT countries. It is the same cost for the initial filing for all countries as is to designate specific countries.

Legend (Remarks field): AP=ARIPO Patent, EA=Eurasian Patent, EPC=European Patent, OA=OAPI Patent.

If you need a list of PCT and Non-PCT contracting Nations (country name and country 2 digit code), request the PCTContractingCountries and nonPCTContractingCountries reports.

Update Indicator criteria for this report: > 2/18/2005.
