## ASSIGNMENT

WHEREAS, National Conveyor Corporation a California corporation with its principal place of business located at 2250 Yates Avenue, Commerce, California 90040 ("Assignor") is the sole owner of all rights, title and interest (including, without limitation, all copyrights and other intellectual property rights) in and to U.S. Patent No. 6,280,301 ("Granule Dishwashing Apparatus and Method of Use"), U.S. Patent No. 6,609,960 ("Granule Dishwasher with Improved Cleaning Design"), pending U.S. Patent Application No. 10/459,264 ("Granule Dishwasher with Improved Cleaning Design") and any and all foreign counterparts thereof (hereinafter, the "NCC Patents"); and

WHEREAS, Assignor wishes to assign all rights, title and interest (including, without limitation, all copyrights) in and to the NCC Patents to Bertil Rogmark of Bunkflo, Sweden ("Assignee"), and Assignee wishes to accept such assignment;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor hereby assigns, grants, transfers and conveys (and agrees to assign, grant, transfer and convey) to Assignee, its successors and assigns all right, title and interest throughout the world in and to the NCC Patents (including, without limitation, all copyrights, patents, trademarks, trade secrets and other intellectual property rights and all other rights in the NCC Patents that may now or hereafter be vested), together with all national, foreign, state and common law registrations, applications for registration and renewals and extensions thereof; all goodwill associated therewith; and all benefits, privileges, causes of action and remedies relating to any of the foregoing, whether before or hereafter accrued (including, without limitation, the exclusive rights to apply for and maintain all such registrations, renewals and/or extensions; to sue for all past, present or future infringements or other violations of any rights in the NCC Patents; and to settle and retain proceeds from any such actions).

Assignor also agrees to execute such written instruments, extend such other cooperation and perform such other acts as may be necessary, in the opinion of Assignee, to register a copyright or trademark, obtain a patent or otherwise enforce Assignee's rights in the NCC Patents; and Assignor hereby irrevocably appoints Assignee and any of its officers as Assignor's attorney in fact to undertake such acts in Assignor's name.

This assignment agreement constitutes the entire agreement between Assignor and Assignee concerning the subject matter hereof and supersedes all prior or contemporaneous discussions, communications and agreements, whether oral or written, between Assignor and Assignee relating to the subject matter hereof.

IN WITNESS THEREOF, the Assignor has executed this document by the name of its duly authorized officer, as of 31 March, 2005.
