### ASSIGNMENT

THIS ASSIGNMENT is made by AIKIDO WIRELESS, INC., a corporation duly organized under and pursuant to the laws of DELAWARE and having its principal place of business at 12656 High Meadow Road, North Potomac, MD 20878 (hereinafter referred to as "the Assignor"):

WHEREAS, the Assignor owns certain new and useful improvements relating to: (1) a repeater technology that can increase the signal to interference plus noise ratio of users in a wireless, spread-spectrum network without lowering the ratio of other and (2) technology which can be used to mitigate the effects of multiple access interference on wide-band, code-division multiple access wireless networks, as more fully set forth in the applications for Letters Patent identified in Exhibit A hereto, and (3) certain know-how related thereto as described on Schedule 3.2 of that certain Patent Assignment Agreement between the parties, dated July 9, 2003 (the "Know-How"); and

WHEREAS, SCIENCE APPLICATIONS INTERNATIONAL CORPORATION, a corporation duly organized under and pursuant to the laws of DELAWARE and having a place of business located at 1710 SAIC Drive, McLean, VA 22102 (hereinafter referred to as "the Assignee"), desires to acquire the entire right, title, and interest in and to said inventions and Know-How, the right to file applications on said inventions and the entire right, title and interest in and to any applications, including provisional applications for Letters Patent of the United States or other countries claiming priority to said application, and in and to any Letters Patent or Patents, United States or foreign, to be obtained therefor and thereon.

NOW, THEREFORE, in consideration of One Dollar (\$1.00) and other good and sufficient consideration, the receipt of which is hereby acknowledged, the Assignor has sold, assigned, transferred, and set over, and by these presents does sell, assign, transfer, and set over, unto the Assignee, its successors, legal representatives, and assigns (a) the entire right, title, and interest in and to the above-mentioned inventions and Know-How, the right to file applications on said inventions and the entire right, title and interest in and to any applications for Letters Patent of the United States or other countries claiming priority to said applications, and any and all Letters Patent or Patents of the United States of America and all foreign countries that may be granted therefor and thereon, and in and to any and all applications claiming priority to said applications, divisions, continuations, and continuations-in-part of said applications, and reissues and extensions of said Letters Patent or Patents, and all rights under the International Convention for the Protection of Industrial Property, the same to be held and enjoyed by the Assignee, for its own use and behalf and the use and behalf of its successors, legal representatives, and assigns, to the full end of the term or terms for which Letters Patent or Patents may be granted as fully and entirely as the same would have been held and enjoyed by the Assignor had this sale and assignment not been made; and (b) the right to pursue any infringement of any patents that result from any of said applications that occurred prior to the Assignment Date;

AND the Assignor hereby requests the Commissioner of Patents to issue any and all said Letters Patent of the United States to the Assignee as the Assignee of said inventions, the Letters Patent to be issued for the sole use and behalf of the Assignee, its successors, legal representatives, and assigns;

AND the Assignor hereby consents that a copy of this assignment shall be deemed a full and formal equivalent of any assignment, consent to file or like document which may be required in any country or region for any purpose and more particularly in proof of the right of Assignee to claim the aforesaid benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for it.
