PATENT ASSIGNMENT

WHEREAS, I, STEVEN SENIA ("ASSIGNOR"), a citizen of the United States, residing at 911 Elkins Lake, San Antonio, Texas 78258, am an inventor of the invention described as **An Endodontic Reamer and a Method for Manufacturing Endodontic Reamers and Files**, and for which a U.S. provisional patent application number 60/294,527, a PCT patent application which designates the United States of America number PCT/US02/16753, and U.S. patent application numbers 10/099,107 and 10/478,563, have been filed. This assignment is being executed concurrently with, or subsequent to, the execution of a patent application. (The invention and applications/patents are hereinafter collectively referred to as the "INVENTION.")

WHEREAS, LIGHTSPEED TECHNOLOGY, INC., a Texas corporation ("ASSIGNEE"), is desirous of obtaining ASSIGNOR'S entire right, title and interest in, to and under the INVENTION:

NOW, THEREFORE, in consideration of the sum of One Dollar (\$1.00) to the said ASSIGNOR in hand paid, and other good and valuable consideration, the receipt of which is hereby acknowledged, I, the said ASSIGNOR, have sold, assigned, transferred and set over, and by these presents do hereby sell, assign, transfer and set over, unto the said ASSIGNEE, its successors, legal representatives and assigns, the entire right, title and interest in, to and under the INVENTION, and the said United States application and all divisions, renewals and continuations thereof, and all Patents of the United States which may be granted thereon and all reissues thereof; and all applications for industrial property protection, including, without limitation, all applications for patents, utility models, and designs which may hereafter be filed for said INVENTION in any country or countries foreign to the United States, together with the right to file such applications and the right to claim for the same the priority rights derived from said United States application under the Patent Laws of the United States, the International Convention for the Protection of Industrial Property, or any other international agreement or the domestic laws of the country in which any such application is filed, as may be applicable; all forms of industrial property protection, including, without limitation, patents, utility models and design which may be granted for said INVENTION in any country or countries foreign to the United States and all extensions, renewals and reissues thereof; and any and all causes of action thereto that may have heretofore accrued in ASSIGNOR's favor;

AND I HEREBY authorize and request the Commissioner of Patents of the United States, and any Official of any country or countries foreign to the United States, whose duty it is to issue patents or other evidence or forms of industrial property protection on applications as aforesaid, to issue the same to the said ASSIGNEE, its successors, legal representatives and assigns, in accordance with the terms of this instrument.

AND I HEREBY covenant that I have full right to convey the entire interest herein assigned, and that we have not executed, and will not execute, any agreement in conflict herewith.

AND I HEREBY further covenant and agree that I will communicate to the said ASSIGNEE, its successors, legal representatives and assigns, any facts known to me respecting

said invention, and testify in any legal proceeding, sign all lawful papers, execute all divisions, continuing and reissue applications, make all rightful oaths and generally do everything possible to aid the said ASSIGNEE, its successors, legal representatives and assigns, to obtain and enforce proper patent protection for said invention in all countries.

IN TESTIMONY WHEREOF, I hereunto set my hand and seal this 29 day of September, 2005.
