AGREEMENT

AGREEMENT made **FEB. 17** 1995
BETWEEN

- (1) **S.I. SCIENTIFIC INNOVATIONS LIMITED**, a private limited company incorporated under the laws of Israel, of Shidlovsky Street, Industrial Zone, POB 60, Yavne 70650, Israel (the "Assignor")
- (2) **ELAN MEDICAL TECHNOLOGIES (EMT) ISRAEL LIMITED**, a private limited company incorporated under the laws of Israel of Shidlovsky Street, Industrial Zone, POB 60, Yavne 70650, Israel ("EMTI")
- (3) **ELAN MEDICAL TECHNOLOGIES LIMITED**, a private limited company incorporated under the laws of Ireland of Monksland, Athlone, Ireland ("EMT")

RECITALS

- (A) The Assignor has assigned various patents and patent applications to EMT and EMTI pursuant to patent assignment agreements dated 1 July 1993 (the "Patent Assignments") which were entered into pursuant to a joint venture agreement dated 14 June 1993 between (1) Elan Corporation plc, (2) Pharmasys Limited, (3) EMT and (4) the Assignor.
- (B) The Assignor has entered into this Agreement to warrant that full and good title to the patents and applications (and any of their progeny) listed in Schedule 1 hereto (the "Patents and Applications") have been properly assigned to EMT and EMTI pursuant to the Patent Assignments.
- (C) The Assignor also agrees that any of the patents and patent applications which may not have been assigned or fully assigned to EMT or EMTI pursuant to the Patent Assignments shall now be assigned and transferred pursuant to this Agreement.
- (D) The Assignor also agrees to grant an irrevocable power of attorney, in the form set out in Schedule 2 hereto, to EMT and/or EMTI to execute and record assignments effected pursuant to the Patent Assignments and this Agreement.

IT IS AGREED as follows:

1. Warranties

1.1 The Assignor warrants that:

- (a) all the Assignor's right, title and interest in the Patents and Applications and all the Assignor's right, title and interest in and to the inventions disclosed in the Patents and Applications throughout the world including, without limitation, any re-issue, re-examination, division, continuation-in-part, extension or continuation thereof and all rights of priority under the Paris Convention for the Protection of Industrial Property, 1883 (as in force as of the date of this Agreement) and the Patent Co-operation Treaty, 1970 (as in force as of the date of this Agreement) arising from the Patents and Applications, were assigned and transferred to EMT and/or EMTI pursuant to the Patent Assignments;
- (b) the Assignor holds no other right, title and interest in the Patents and Application whatsoever, or howsoever arising; and
- (c) the Assignor did not assign or transfer or purport to assign or transfer any right, title or interest in the Patents and Applications to any third party; and
- (d) the provisions of this Agreement, when executed, will constitute its legal valid and binding obligations enforceable in accordance with its terms.

2. Agreement to Assign

2.1 In consideration of the sum of Ten United States Dollars (US\$10) the receipt and adequacy of which is hereby acknowledged, and for other good and valuable consideration the Assignor hereby assigns and transfers to EMTI

- (a) the entire right, title and interest in those Patents and Applications which have not already been assigned or transferred pursuant to the Patent Assignments including, without limitation any letters patent which may issue thereon, and any reissue, re-examination, division, continuation-in-part, extension or continuation thereof and all rights of priority under the Paris Convention for the Protection of Industrial Property, 1883 (as in force as of the date of this Agreement) and the Patent Co-operation Treaty, 1970 (as in force as of the date of this Agreement) arising from the Patents and Applications; the same for its legal representatives and assigns, as fully and entirely as the same would have been held by the Assignor had this assignment not been made; and
- (b) the right to apply for, prosecute and obtain patent or similar protection throughout the world, in respect of the inventions claimed in the Patents and Applications not already assigned pursuant to the Patent Assignments including the right to claim priority therefrom to the intent that the grant of any patents or similar protection shall be in the name of and vest in EMTI.

2.2 Contemporaneously with the execution of this Agreement, the Assignor agrees to grant an Irrevocable Power of Attorney to EMTI and/or EMTI in the form set out in Schedule 2 hereto. Notwithstanding that the said Irrevocable Power of Attorney is unlimited in scope, EMT and EMTI agree to use and apply the said Irrevocable Power of Attorney only in relation to the Patents and Applications and to any inventions disclosed in the Patents and Applications throughout the world, including, without limitation, any re-issue, re-examination, division, continuation-in-part, extension or continuation thereof and all rights of priority under the Paris Convention for the Protection of Industrial Property, 1883 (as in force as of the date of this Agreement) and the Patent Co-operation Treaty, 1970 (as in force as of the date of this Agreement) arising from the Patents and Applications.

3. Proper Execution

3.1 The Assignor hereby agrees to bind itself, its successors legal representatives, administrators and assigns to properly execute without further consideration any and all applications, petitions, oaths and assignments or other papers and instruments which may be necessary in order to carry into full force and effect, the sale, assignment, transfer and conveyance hereby made or intended to be made and generally do everything possible to aid its legal representatives and assigns, to obtain and enforce proper protection for the Patents and Applications throughout the world.

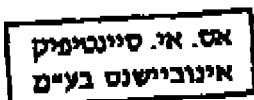

4. Governing Law

4.1 The construction validity and performance of this Agreement shall be governed in all respects by laws of Israel and each of the parties hereby submits to the non-exclusive jurisdiction of Israel.
