ASSIGNMENT

Issued Patent No. D515,357

Issued Date: February 21, 2006

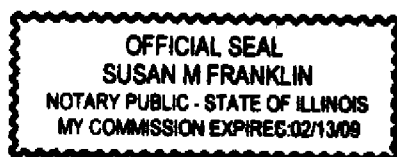

Application No. 29/226,785

Filing Date: April 1, 2005

IN CONSIDERATION of good and valuable considerations, the receipt of which is hereby acknowledged, the entire right, title and interest in the invention or improvements of the undersigned in a "Container" and in the application for Letters Patent of the United States therefor, executed by the undersigned concurrently herewith and in any reissue or extension of any Letters Patent that may be granted upon the application are hereby assigned by the undersigned to Ignite USA LLC, an Illinois corporation, and the successors, legal representatives and assigns of Ignite USA LLC, (hereinafter collectively called "Assignee"), and the Commissioner of Patents is hereby authorized and requested by the undersigned to issue the Letters Patent to Assignee.

FOR SAID CONSIDERATIONS it is hereby agreed by the undersigned, upon the request of Assignee, to execute any necessary and proper oaths or affidavits relating to the application or required for the filing or prosecution of any divisional, continuation or continuation-in-part application thereof or for the filing or prosecution of any application for the reissue or extension of any Letters Patent that may be granted on the invention or improvements that Assignee may deem necessary or expedient, and for the consideration it is further agreed by the undersigned, upon the request of Assignee, in the event of the application or any division thereof, or Letters Patent issued thereon, or any reissue or application for the reissue thereof, becoming involved in interference, to cooperate to the best of the ability of the undersigned with Assignee in the matters of preparing and executing the preliminary statement and giving and producing evidence in support thereof, and further to perform, upon such request, any and all affirmative acts to obtain Letters Patent and vest all rights in Assignee, including the right to recover for past infringement, as fully and entirely as the same would have been held and enjoyed by the undersigned if this Assignment and sale had not been made. And for the considerations the entire right, title and interest in the invention or improvements, including all priority rights, and the right to claim priority rights and the privileges and benefits thereof, including those under the International Convention, and all other conventions, and the right to file applications for patent in Assignee's own name for the invention or improvements in each and every country of the world are hereby Assigned and granted by the undersigned to Assignee. It is further agreed by the undersigned, upon the request of Assignee, to execute any and all documents that shall be required of the undersigned to be executed in connection with any and all applications for foreign letters patent therefor, including the prosecution thereof, and to execute any and all documents necessary to vest title in foreign applications and patents in Assignee. The attorneys of record in the application for patent are hereby authorized and requested by the undersigned to insert in this Assignment the date and Serial Number thereof in the places provided therefor. This Assignment expressly assigns the right to the Assignee to recover for patent and future infringements.
