ASSIGNMENT OF INVENTION
For Design Patent

WHEREAS, I, Peter Darley, residing at 607 Jackson, River Forest, Ill. 60305, (hereafter "Assignor") have invented a certain new, original, and useful product/design/invention (hereafter "invention") disclosed in United States Patent No. Des. 375,071. I am the sole inventor of said invention;

AND WHEREAS W.S. Darley & Co, an Illinois corporation with a principal address at 2000 Anson Drive, Melrose Park, Illinois 60160 (hereinafter, together with any successors, legal representatives or assigns thereof, called "Assignee"), wants to acquire the entire right, title and interest in and to said invention and application, including any improvements thereto:

NOW, THEREFORE, in consideration of one United States dollar (\$1.00) and other good and valuable consideration, the receipt of which is hereby acknowledged, and as further evidence of the assignment of all rights and interest of the invention which may have already been made by me pursuant to any other instrument or obligation, I hereby sell, assign, and transfer unto Assignee all title and interest in and to said invention and said application and all divisions, substitutions, continuations and continuations-in-part thereof, and all United States Patents which may be granted thereon and all reissues and extensions thereof, and all priority rights under the International Convention for the Protection of Industrial Property for every member country, and all applications for patents (including related rights such as utility-model registrations, inventor's certificates, and the like) heretofore or hereafter filed for said invention in any foreign countries, and all patents (including all extensions, renewals and reissues thereof) granted for said invention in any foreign countries; and I hereby authorize and request the United States Commissioner of Patents and Trademarks, and any officials of foreign countries whose duty it is to issue patents on applications as aforesaid, to issue all patents for said invention to Assignee in accordance with the terms of this assignment;

AND I HEREBY covenant that I have full right to convey the entire interest herein assigned, and that I have not executed, and will not execute, any agreement in conflict herewith;

AND I HEREBY further covenant and agree that I will communicate to Assignee any facts known to me respecting said invention, and testify in any patent office or legal proceeding, sign all additional papers reasonably requested by Assignee, execute all divisional, continuation, continuations-in-part, substitute and reissue applications, make all rightful oaths and generally do everything possible to aid Assignee to obtain and enforce proper patent protection for said invention in all countries.

IN TESTIMONY WHEREOF, I hereunto set my hand on the date appearing next to my signature.
