ASSIGNMENT OF PATENT AND LITIGATION RIGHTS

21st day of March, 2006, by Roll Rite Corporation, a Michigan corporation (the "Assignor") having a principal place of business at 2574 School Road, Alger, MI 48610, to Roll-Rite LLC, a Delaware limited liability company (the "Assignee"), having a principal place of business at 2574 School Road, Alger, MI 48610.

The Assignor and the Assignee were parties to an Asset Purchase Agreement, entered into as of September 30, 2004 (the "**Purchase Agreement**"), pursuant to which the Assignor sold to the Assignee and the Assignee bought from the Assignor the Acquired Assets (as defined in the Purchase Agreement), including the patents of the Assignor. In accordance with the obligations of Assignor under the Purchase Agreement, the Assignor desires to transfer and assign to the Assignee, and the Assignee desires to accept the transfer and assignment of, all of the Assignor's rights, title and interests in, to and under U.S. Patent No. 6,916,060 and all domestic and foreign patents and patent applications relating to and/or claiming priority therefrom (the "**Patent Rights**").

Pursuant to Assignor's obligations under the Asset Purchase Agreement between Roll Rite Corporation and Roll-Rite LLC and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged:

Assignor does hereby transfer and assign to the Assignee all of the Assignor's worldwide rights, title and interests in, to and under the Patent Rights, and any and all improvements thereto, reissues, continuations, continuations-in-part, reexaminations, renewals and extensions thereof, in the United States or worldwide, the same to be held and enjoyed by the Assignee, its successors and assigns from and after the date hereof as fully and entirely as the same would have been held and enjoyed by the Assignor had this Assignment not been made.

Assignor further does hereby assign, transfer, endorse, sell, set over and convey unto Assignee, any and all of Assignor's rights and claims including all of Assignor's litigation rights and any claims in, to and under the Patent Rights or other intellectual property, whether arising prior to or subsequent to the date of this Assignment, including the right to sue for damages for past infringement ("**Litigation Rights**"), the same to be held and enjoyed by the Assignee, its successors and assigns from and after the date hereof as fully and entirely as the same would have been held and enjoyed by the Assignor had this Assignment not been made.

Assignor warrants and represents that it is the owner and holder of the Litigation Rights as of the date hereof, has made no prior assignment, and has the right to assign the same.
