ASSIGNMENT

This Assignment is made by **Charles G. Hutter, III**, of Carson City, Nevada, Assignor, to **Physical Systems, Inc.**, a Colorado corporation, Assignee, having a place of business at 2151 Lockheed Way, Carson City, Nevada 89706.

WHEREAS, Assignor has invented a new, original and ornamental design for a **DOUBLE LINE CLAMP SUPPORT BRACKET**, for which an application for United States Design Patent has been executed by him on the date written below; and

WHEREAS, Assignor believes himself to be the original, first and sole inventor of the design invention disclosed and claimed in said application for Design Patent; and

WHEREAS, Assignee desires to acquire by formal, recordable assignment the entire right, title and interest in and to said design invention, said application and any Design Patent that may be granted for said design invention in the United States and throughout the world;

NOW, THEREFORE, in consideration of the sum of Ten Dollars (\$10.00) and of other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby sells, assigns and transfers to Assignee, the entire right, title and interest in and to said design invention, said application and any Design Patent that may be granted for said design invention in the United States and throughout the world, including the right to file foreign applications directly in the name of the Assignee and to claim for any such foreign applications any priority rights to which such applications are entitled under international conventions, treaties or otherwise.

Further, Assignor agrees that, upon request and without further compensation, but at no expense to Assignor, he and his legal representatives and assigns will do all lawful acts, including the execution of papers and the giving of testimony, that may be necessary or desirable for obtaining, sustaining, reissuing or enforcing Design Patents in the United States and throughout the world for said design invention, and for perfecting, recording or maintaining the title of Assignee, its successors and assigns, to said design invention, said application and any Design Patent granted for said design invention in the United States and throughout the world.

Assignor represents and warrants that he has not granted and will not grant to others any rights inconsistent with the rights granted herein.

Assignor authorizes and requests the Commissioner of Patents and Trademarks of the United States and of all foreign countries to issue any Design Patent granted for said design invention, whether on said application or on any subsequently filed division, continuation, continuation-in-part or reissue application, to Assignee, its successors and assigns, as the assignee of the entire interest in said design invention.

IN WITNESS WHEREOF, Assignor has executed this Assignment on the date written below.

ASSIGNOR:

Charles G. Hutter, III
