ASSIGNMENT

WHEREAS, I, one of the joint inventors of U.S. Application No. 09/895,490, filed June 29, 2001, entitled THIRD PARTY CERTIFICATION OF CONTENT IN ELECTRONIC COMMERCE TRANSACTIONS, of residence as listed, have invented certain new and useful improvements as below entitled, for which application is made for United States Letters Patent; and

WHEREAS, i2 Technologies US, Inc., (hereinafter referred to as "U.S. Assignee") a Nevada corporation, with an address of 11701 Luna Road, Dallas, Texas 75234, desires to acquire our entire right, title, and interest in and to the invention and in and to the said application and any Letters Patent that may issue thereon in the United States of America;

WHEREAS, i2 Technologies, Inc., (hereinafter referred to as "Foreign Assignee") a Delaware corporation, with an address of 11701 Luna Road, Dallas, Texas 75234, desires to acquire our entire right, title, and interest in and to the invention and in and to the said application and any Letters Patent that may issue thereon in any countries foreign to the United States of America;

NOW, THEREFORE, for and in consideration of One Dollar (\$1.00) and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I hereby assign to U.S. Assignee all right, title, and interest, to the extent not yet assigned to U.S. Assignee, in and to said invention and in and to said application, all Letters Patent that may issue thereon, and all divisions, reissues, continuations, continuations-in-part and extensions thereof. Furthermore, I hereby acknowledge and affirm my prior assignment of all right, title, and interest in and to said invention and in and to said application, all Letters Patent that may issue thereon, and all divisions, reissues, continuations, continuations-in-part and extensions thereof to U.S. Assignee, documentation of which has been lost or destroyed and cannot be reasonably obtained. I also hereby authorize and request the Commissioner of Patents and Trademarks to issue all patents for said invention, or patents resulting therefrom, insofar as my interest is concerned, to U.S. Assignee.

For and in consideration of One Dollar (\$1.00) and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I also hereby assign to Foreign Assignee, to the extent not yet assigned to Foreign Assignee, all right, title, and interest in and to the invention disclosed in said application throughout the remainder of the world, including the right to file applications and obtain patents, utility models, industrial models, and designs for said invention in its own name throughout the remainder of the world, including all rights to publish cautionary notices reserving ownership of said invention and all rights to register said invention in appropriate registries. Furthermore, I hereby acknowledge and affirm my prior assignment of all right, title, and interest in and to the invention disclosed in said application throughout the world, including the right to file applications and obtain patents, utility models, industrial models, and designs for said invention in its own name throughout the world, including all rights to publish cautionary notices reserving ownership of said invention and all rights to register said invention in appropriate registries to Foreign Assignee, documentation of which has been lost or destroyed and cannot be reasonably obtained. I further agree to execute any and all powers of attorney, applications, assignments, declarations, affidavits, and any other papers in connection therewith necessary to perfect such right, title and interest in Foreign Assignee.

I will communicate to U.S. Assignee and Foreign Assignee any facts known to me respecting any improvements; and, at the expense of U.S. Assignee, Foreign Assignee, or both, I will testify in any legal proceedings, sign all lawful papers, execute all divisional, continuation, continuation-in-part, reissue and substitute applications, make lawful oaths, declarations, affidavits, and execute any other papers in connection therewith necessary to perfect such right, title, and interest in U.S. Assignee, Foreign Assignee, or both, and generally do everything possible to vest title in U.S. Assignee, Foreign Assignee, or both and to aid U.S. Assignee, Foreign Assignee, or both to obtain and enforce proper protection for said invention in the United States of America and all countries foreign to the United States of America.

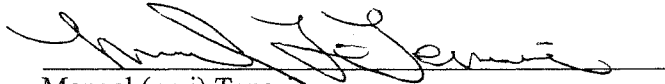

This Assignment shall be binding on the parties' successors, assigns, and legal representatives.
