ASSIGNMENT

In consideration of the sum of One Dollar (\$1.00) or equivalent and other good and valuable consideration paid to the undersigned inventor: **Simeon B. Schreiber**, hereby sells and assigns to **Neesim Health, LLC**, a corporation formed under the laws of Maryland, whose mailing address is 8707 Grant Street, Bethesda, Maryland 20817 (hereafter referred to as the Assignee), his/her entire right, title and interest, including the right to sue for past infringement and to collect for all past, present and future damages, for the United States of America (as defined in 35 U.S.C. § 100) and throughout the world,

(a) in the following inventions, known as:

- (i) U.S. Patent No. 5176654, issued January 5, 1993, for **Method and Apparatus for Otologic Administration of Medicament** (and having Reexamination Certificate No. B1 5176654, issued December 7, 1999);
- (ii) U.S. Patent No. 6212135, issued April 3, 2001 for **Assistive Breathing Device**; and
- (iii) U.S. Application Serial No. 29/220622, filed January 5, 2005 for **Ear Piece**; and

(b) in any and all applications that claim the benefit of the patents or patent application listed above in part (a), continuing (continuation, divisional, or continuation-in-part) applications, reissues, extensions, renewals and reexaminations of the Letters Patents and patent application therefor listed above in part (a), to the full extent of the term or terms for which Letters Patents issue, and

(c) in any and all inventions described in the patent application and patents listed above in part (a), and in any and all forms of intellectual and industrial property protection derivable from such patent application and patents, and that are derivable from any and all continuing applications, reissues, extensions, renewals and reexaminations of such patent application and patents, including, without limitation, patents, applications, utility models, inventor's certificates, and designs together with the right to file applications therefor; and including the right to claim the same priority rights from any previously filed applications under the International Agreement for the Protection of Industrial Property, or any other international agreement, or the domestic laws of the country in which any such application is filed, as may be applicable;

all such rights, title and interest to be held and enjoyed by the above-named Assignee, its successors, legal representatives and assigns to the same extent as all such rights, title and interest would have been held and enjoyed by the Assignor had this assignment and sale not been made.

The undersigned inventor agrees to execute all papers necessary in connection with the patents and application(s) and any continuing (continuation, divisional, or continuation-in-part), reissue, reexamination or corresponding application(s) thereof and also to execute separate assignments in connection with such application(s) as the Assignee may deem necessary or expedient.

The undersigned inventor agrees to execute all papers necessary in connection with any interference or patent enforcement action (judicial or otherwise) related to the patents or application(s) or any continuing (continuation, divisional, or continuation-in-part), reissue or reexamination application(s) thereof and to cooperate with the Assignee in every way possible in obtaining evidence and going forward with such interference or patent enforcement action.

The undersigned inventor hereby represents that he has full right to convey the entire interests herein assigned, and that he has not executed, and will not execute, any agreement in conflict therewith.

The undersigned inventor hereby grants the patent practitioners associated with CUSTOMER NUMBER 26111 the power to insert in this assignment any further identification that may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office for recordation of this document.

IN WITNESS WHEREOF, executed by the undersigned inventor on the date opposite his name.

Date: April 20, 2006
