ASSIGNMENT AND AGREEMENT

For good and valuable consideration, We, Doverra, LLC a limited, , a limited liability company existing under the laws of State of Illinois ; and having a principal place of business at 702 East Remington Road, Schaumburg, Illinois 60173 hereafter collectively referred to as "Assignor";

Hereby sells, assigns, and transfers to Carpentercrete, LLC, a limited liability company organized and existing under the laws of the State of Delaware and having its principal place of business at 2047 Highridge Road, Boynton Beach, Florida 33426 (hereinafter "Assignee"), and its successors, assigns and legal representatives, the entire right, title and interest in and for the United States and all foreign countries, in and to certain inventions and any and all improvements which are disclosed in the application for United States Letters Patent which has been executed by the undersigned and filed on August 29, 2002 and given US Serial No.: 10/230,963, entitled:

Cementitious Compositions and Methods of Making Cementitious Compositions

and in and to said inventions and improvements and application and all divisional, continuing, substitute, renewal, reissue and all other applications for Letters Patent which have been or shall be filed in the United States and all foreign countries on any of said inventions and improvements; and in and to all original and reissued patents which have been or shall be filed in the United States and all foreign countries on said inventions and improvements;

Agrees that Assignee may apply for and receive Letters Patent for said inventions and improvements in its own name; and that, when requested, without charge to but at the inventions and expense of said Assignee, its successors, assigns, and legal representatives to carry out in good faith the intent and purpose of this assignment, the undersigned will execute all divisional, continuing, substitute, renewal, reissue, and all other patent applications on any and all said improvements; execute all rightful oaths, assignments, powers of attorney and other papers; communicate to said Assignee, its successors, assigns, and legal representatives, all facts known to the undersigned relating to said improvements and the history thereof; and generally do everything possible which said Assignee, its successors and assigns or legal representatives shall consider desirable for aiding in securing and maintaining proper patent protection for said improvements and for vesting title to said applications for patents and all patents on said improvements, in said Assignee, its successors, assigns, and legal representatives in any and all countries; and

Covenant with said Assignee, its successors, assigns and legal representatives that no assignment, grant, mortgage, license or other agreement affecting the rights and property herein conveyed has been made to others by the undersigned, and that full right to convey the same as herein expressed is possessed by the undersigned.

The undersigned authorizes and empowers Assignee, its successors, assigns and legal representatives, to invoke and claim for any application for patent or other form of protection for said inventions filed by it or them, the benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for it, and to invoke and claim such right of priority without further written oral authorization from the undersigned.

The undersigned hereby consents that a copy of this assignment shall be deemed a full legal and formal equivalent of any assignment, consent to file or like document which may be required in any country for any purpose and more particularly in proof of the right of the said assignee or nominee to claim the aforesaid benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for it.
